General Fund, One-Time	$240,500	$0	$0
Total Expenditures	$240,500	$186,200	$186,200

Enactment of this bill could cost the Department of Environmental Quality $240,500 from the General Fund in Fiscal Year 2019 and $186,200 ongoing beginning in Fiscal Year 2020 to establish source and storage requirements for water systems. During the 2018 General Session, the Legislature passed H.B. 303, an identical bill, and appropriated the funding included in this fiscal note. If this bill were to pass, the department would not require an additional appropriation.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
