Be it enacted by the Legislature of the state of Utah:

Section 1. Section 58-31e-101 is enacted to read:**CHAPTER 31e. NURSE LICENSURE COMPACT - REVISED****58-31e-101. Title.**

This chapter is known as the "Nurse Licensure Compact - Revised."

Section 2. Section 58-31e-102 is enacted to read:**58-31e-102. Nurse Licensure Compact.**

The Nurse Licensure Compact is hereby enacted and entered into with all other jurisdictions that legally join in the compact, which is in form, substantially as follows:

NURSE LICENSURE COMPACT**ARTICLE I****Findings and Declaration of Purpose****a. The party states find that:**

1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

6. Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

b. The general purposes of this Compact are to:

1. Facilitate the states' responsibility to protect the public's health and safety;

2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

3. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

4. Promote compliance with the laws governing the practice of nursing in each jurisdiction;

5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

6. Decrease redundancies in the consideration and issuance of nurse licenses; and

7. Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

ARTICLE II**Definitions****As used in this Compact:**

a. "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

b. “Alternative program” means a non-disciplinary monitoring program approved by a licensing board.

c. “Coordinated licensure information system” means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

d. “Current significant investigative information” means:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

e. “Encumbrance” means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

f. “Home state” means the party state which is the nurse’s primary state of residence.

g. “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.

h. “Multistate license” means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

i. “Multistate licensure privilege” means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

j. “Nurse” means an RN or LPN/VN, as those terms are defined by each party state’s practice laws.

k. “Party state” means any state that has adopted this Compact.

l. “Remote state” means a party state, other than the home state.

m. “Single-state license” means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

n. “State” means a state, territory, or possession of the United States and the District of Columbia.

o. “State practice laws” means a party state’s laws, rules, and regulations that govern the

practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III

General Provisions and Jurisdiction

a. A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.

b. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state’s criminal records.

c. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

1. Meets the home state’s qualifications for licensure or renewal of licensure, as well as all other applicable state laws;

2. i. Has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prec licensure education program; or

ii. Has graduated from a foreign RN or LPN/VN prec licensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prec licensure education program;

3. Has, if a graduate of a foreign prec licensure education program not taught in English or if English is not the individual’s native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

4. Has successfully passed an NCLEX–RN or NCLEX–PN Examination or recognized predecessor, as applicable;

5. Is eligible for or holds an active, unencumbered license;

6. Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state’s criminal records;

7. Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony

offense under applicable state or federal criminal law;

8. Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

9. Is not currently enrolled in an alternative program;

10. Is subject to self-disclosure requirements regarding current participation in an alternative program; and

11. Has a valid United States social security number.

d. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

e. A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

f. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

g. Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

1. A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable Article III.c. requirements to obtain a multistate license from a new home state; and

2. A nurse who fails to satisfy the multistate licensure requirements in Article III.c. due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate

license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

ARTICLE IV

Applications for Licensure in a Party State

a. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

b. A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

c. If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

1. The nurse may apply for licensure in advance of a change in primary state of residence.

2. A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

d. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

ARTICLE V

Additional Authorities Invested in Party State Licensing Boards

a. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

1. Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

i. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

ii. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

2. Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

3. Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

4. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

5. Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions.

6. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

7. Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

b. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

c. Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

ARTICLE VI

Coordinated Licensure Information System and Exchange of Information

a. All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this Compact.

c. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials), and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

d. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

e. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

f. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

g. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

h. The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum:

1. Identifying information;
2. Licensure data;
3. Information related to alternative program participation; and
4. Other information that may facilitate the administration of this Compact, as determined by Commission rules.

i. The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

ARTICLE VII

Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

a. The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

1. The Commission is an instrumentality of the party states.

2. Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

b. Membership, Voting, and Meetings

1. Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

2. Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

4. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.

5. The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:

i. Noncompliance of a party state with its obligations under this Compact;

ii. The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees, or other matters related to the Commission's internal personnel practices and procedures;

iii. Current, threatened, or reasonably anticipated litigation;

iv. Negotiation of contracts for the purchase or sale of goods, services, or real estate;

v. Accusing any person of a crime or formally censuring any person;

vi. Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

vii. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

viii. Disclosure of investigatory records compiled for law enforcement purposes;

ix. Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact; or

x. Matters specifically exempted from disclosure by federal or state statute.

6. If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

c. The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including but not limited to:

1. Establishing the fiscal year of the Commission;

2. Providing reasonable standards and procedures:

i. For the establishment and meetings of other committees; and

ii. Governing any general or specific delegation of any authority or function of the Commission;

3. Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote

to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

4. Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the Commission;

5. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the Commission; and

6. Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations.

d. The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.

e. The Commission shall maintain its financial records in accordance with the bylaws.

f. The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.

g. The Commission shall have the following powers:

1. To promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all party states;

3. To purchase and maintain insurance and bonds;

4. To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;

5. To cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space, or other resources;

6. To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and to establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

7. To accept any and all appropriate donations, grants, and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

9. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

10. To establish a budget and make expenditures;

11. To borrow money;

13. To provide and receive information from, and to cooperate with, law enforcement agencies;

14. To adopt and use an official seal; and

15. To perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of nurse licensure and practice.

h. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule that is binding upon all party states.

3. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the party states, except by, and with the authority of, such party state.

4. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

i. Qualified Immunity, Defense, and Indemnification

1. The administrators, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person

against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

2. The Commission shall defend any administrator, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

3. The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

ARTICLE VIII Rulemaking

a. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.

b. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

c. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

h. If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

j. The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

k. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or party state funds; or

3. Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

1. The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE IX

Oversight, Dispute Resolution, and Enforcement

a. Oversight

1. Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

2. The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

b. Default, Technical Assistance, and Termination

1. If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

i. Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the Commission; and

ii. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

4. A state whose membership in this Compact has been terminated is responsible for all assessments,

obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

c. Dispute Resolution

1. Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and non-party states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

3. In the event the Commission cannot resolve disputes among party states arising under this Compact:

i. The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

ii. The decision of a majority of the arbitrators shall be final and binding.

d. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE X

Effective Date, Withdrawal, and Amendment

a. This Compact, enacted in Title 58, Chapter 31e, Nurse Licensure Compact - Revised ("This Compact"), shall become effective and binding on

the earlier of the date of legislative enactment of this Compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact, enacted in Title 58, Chapter 31c, Nurse Licensure Compact, superseded by this Compact, ("Prior Compact"), shall be deemed to have withdrawn from said Prior Compact within six (6) months after the effective date of this Compact.

b. Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

c. Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

d. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

e. Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this Compact.

f. This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

g. Representatives of non-party states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

ARTICLE XI

Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

Section 3. Section 58-31e-103 is enacted to read:

58-31e-103. Implementation and rulemaking authority.

If the court determines that the circumstances are appropriate and that the dependent children would be adequately cared for, it may include an order allowing the noncustodial parent to provide child care for the dependent children, necessitated by the employment or training of the custodial parent.

(3) The court has continuing jurisdiction to make subsequent changes or new orders for the custody of the children and their support, maintenance, health, and dental care, and for distribution of the property and obligations for debts as is reasonable and necessary.

(4) Child support, custody, visitation, and other matters related to children born to the mother and father after entry of the decree of divorce may be added to the decree by modification.

(5) (a) In determining parent-time rights of parents and visitation rights of grandparents and other members of the immediate family, the court shall consider the best interest of the child.

(b) Upon a specific finding by the court of the need for peace officer enforcement, the court may include in an order establishing a parent-time or visitation schedule a provision, among other things,

authorizing any peace officer to enforce a court-ordered parent-time or visitation schedule entered under this chapter.

(6) If a petition for modification of child custody or parent-time provisions of a court order is made and denied, the court shall order the petitioner to pay the reasonable attorneys' fees expended by the prevailing party in that action, if the court determines that the petition was without merit and not asserted or defended against in good faith.

(7) If a petition alleges noncompliance with a parent-time order by a parent, or a visitation order by a grandparent or other member of the immediate family where a visitation or parent-time right has been previously granted by the court, the court may award to the prevailing party costs, including actual attorney fees and court costs incurred by the prevailing party because of the other party's failure to provide or exercise court-ordered visitation or parent-time.

(8) (a) The court shall consider at least the following factors in determining alimony:

(i) the financial condition and needs of the recipient spouse;

(ii) the recipient's earning capacity or ability to produce income, including the impact of diminished workplace experience resulting from primarily caring for a child of the payor spouse;

(iii) the ability of the payor spouse to provide support;

(iv) the length of the marriage;

(v) whether the recipient spouse has custody of minor children requiring support;

(vi) whether the recipient spouse worked in a business owned or operated by the payor spouse; and

(vii) whether the recipient spouse directly contributed to any increase in the payor spouse's skill by paying for education received by the payor spouse or enabling the payor spouse to attend school during the marriage.

(b) The court may consider the fault of the parties in determining whether to award alimony and the terms thereof.

(c) "Fault" means any of the following wrongful conduct during the marriage that substantially contributed to the breakup of the marriage relationship:

(i) engaging in sexual relations with a person other than the party's spouse;

(ii) knowingly and intentionally causing or attempting to cause physical harm to the other party or minor children;

(iii) knowingly and intentionally causing the other party or minor children to reasonably fear life-threatening harm; or

(iv) substantially undermining the financial stability of the other party or the minor children.

(d) The court may, when fault is at issue, close the proceedings and seal the court records.

(e) As a general rule, the court should look to the standard of living, existing at the time of separation, in determining alimony in accordance with Subsection (8)(a). However, the court shall consider all relevant facts and equitable principles and may, in its discretion, base alimony on the standard of living that existed at the time of trial. In marriages of short duration, when no children have been conceived or born during the marriage, the court may consider the standard of living that existed at the time of the marriage.

(f) The court may, under appropriate circumstances, attempt to equalize the parties' respective standards of living.

(g) When a marriage of long duration dissolves on the threshold of a major change in the income of one of the spouses due to the collective efforts of both, that change shall be considered in dividing the marital property and in determining the amount of alimony. If one spouse's earning capacity has been greatly enhanced through the efforts of both spouses during the marriage, the court may make a compensating adjustment in dividing the marital property and awarding alimony.

(h) In determining alimony when a marriage of short duration dissolves, and no children have been conceived or born during the marriage, the court may consider restoring each party to the condition which existed at the time of the marriage.

(i) (i) The court has continuing jurisdiction to make substantive changes and new orders regarding alimony based on a substantial material change in circumstances not foreseeable at the time of the divorce.

(ii) The court may not modify alimony or issue a new order for alimony to address needs of the recipient that did not exist at the time the decree was entered, unless the court finds extenuating circumstances that justify that action.

(iii) In determining alimony, the income of any subsequent spouse of the payor may not be considered, except as provided in this Subsection (8).

(A) The court may consider the subsequent spouse's financial ability to share living expenses.

(B) The court may consider the income of a subsequent spouse if the court finds that the payor's improper conduct justifies that consideration.

(j) Alimony may not be ordered for a duration longer than the number of years that the marriage existed unless, at any time prior to termination of alimony, the court finds extenuating circumstances that justify the payment of alimony for a longer period of time.

(9) Unless a decree of divorce specifically provides otherwise, any order of the court that a party pay alimony to a former spouse automatically terminates upon the remarriage or death of that former spouse. However, if the remarriage is annulled and found to be void ab initio, payment of

alimony shall resume if the party paying alimony is made a party to the action of annulment and the payor party's rights are determined.

(10) Any order of the court that a party pay alimony to a former spouse terminates upon establishment by the party paying alimony that the former spouse is cohabitating with another person.

(1) If a ~~husband and wife having~~ married couple having one or more minor children are separated, or their marriage is declared void or dissolved, the court shall make an order for the future care and custody of the minor children as it considers appropriate.

(a) In determining any form of custody, including a change in custody, the court shall consider the best interests of the child without preference for either ~~the mother or father~~ parent solely because of the biological sex of the parent and, among other factors the court finds relevant, the following:

(i) the past conduct and demonstrated moral standards of each of the parties;

(ii) which parent is most likely to act in the best interest of the child, including allowing the child frequent and continuing contact with the noncustodial parent;

(iii) the extent of bonding between the parent and child, meaning the depth, quality, and nature of the relationship between a parent and child;

(iv) whether the parent has intentionally exposed the child to pornography or material harmful to a minor, as defined in Section 76-10-1201; and

(v) those factors outlined in Section 30-3-10.2.

(iii) physical distance between the residences of the parents, making joint decision making impractical in certain circumstances; or

(iv) any other factor the court considers relevant including those listed in this section and Section 30-3-10.2.

(c) The person who desires joint legal custody shall file a proposed parenting plan in accordance with Sections 30-3-10.8 and 30-3-10.9. A presumption for joint legal custody may be rebutted by a showing by a preponderance of the evidence that it is not in the best interest of the child.

(e) The court may inquire of ~~the children~~ a child and take into consideration the ~~children's~~ child's desires regarding future custody or parent-time schedules, but the expressed desires are not controlling and the court may determine the ~~children's~~ child's custody or parent-time otherwise. The desires of a child 14 years of age or older shall be given added weight, but is not the single controlling factor.

(f) ~~If interviews with the children are~~ If an interview with a child is conducted by the court pursuant to Subsection (1)(e), ~~they~~ the interview shall be conducted by the judge in camera. The prior consent of the parties may be obtained but is not necessary if the court finds that an interview with ~~the children~~ a child is the only method to ascertain the child's desires regarding custody.

(2) In awarding custody, the court shall consider, among other factors the court finds relevant, which parent is most likely to act in the best interests of the child, including allowing the child frequent and continuing contact with the noncustodial parent as the court finds appropriate.

(3) If the court finds that one parent does not desire custody of the child, the court shall take that evidence into consideration in determining whether to award custody to the other parent.

(4) (a) Except as provided in Subsection (4)(b), a court may not discriminate against a parent due to a

(b) The court may not consider the disability of a parent as a factor in awarding custody or modifying an award of custody based on a determination of a substantial change in circumstances, unless the court makes specific findings that:

(i) the disability [does not] significantly or substantially [inhibit] inhibits the parent's ability to provide for the physical and emotional needs of the child at issue; [or] and

(ii) the parent with a disability [has] lacks sufficient human, monetary, or other resources available to supplement the parent's ability to provide for the physical and emotional needs of the child at issue.

(c) Nothing in this section may be construed to apply to adoption proceedings under Title 78B, Chapter 6, Part 1, Utah Adoption Act.

(5) This section establishes neither a preference nor a presumption for or against joint physical custody or sole physical custody, but allows the court and the family the widest discretion to choose a parenting plan that is in the best interest of the child.

(1) The enforcing authority may bring an action in a court of competent jurisdiction to:

(a) ~~(p)~~ obtain a declaratory judgment that an act or practice violates this chapter;

(b) ~~(p)~~ enjoin, in accordance with the principles of equity, a supplier who has violated, is violating, or is otherwise likely to violate this chapter; ~~and~~

(c) ~~(p)~~ recover, for each violation, actual damages, or obtain relief under Subsection (2)(b), on behalf of consumers who complained to the enforcing authority within a reasonable time after it instituted proceedings under this chapter~~[-]; and~~

~~(d)~~ obtain a fine in an amount determined after considering the factors in Subsection (6).

(2) (a) The enforcing authority may bring a class action on behalf of consumers for the actual damages caused by an act or practice specified as violating this chapter in a rule adopted by the enforcing authority under Subsection 13-11-8(2) before the consumer transactions on which the action is based, or declared to violate Section 13-11-4 or 13-11-5 by final judgment of courts of general jurisdiction and appellate courts of this state that was either reported officially or made available for public dissemination under Subsection 13-11-7(1)(c) by the enforcing authority 10 days before the consumer transactions on which the action is based, or, with respect to a supplier who agreed to it, was prohibited specifically by the terms of a consent judgment that became final before the consumer transactions on which the action is based.

(b) (i) On motion of the enforcing authority and without bond in an action under this Subsection (2), the court may make appropriate orders, including appointment of a master or receiver or sequestration of assets, but only if it appears that the defendant is threatening or is about to remove, conceal, or dispose of the defendant's property to the damage of persons for whom relief is requested. An appropriate order may include an order to:

(A) ~~(p)~~ reimburse consumers found to have been damaged;

(B) ~~(p)~~ carry out a transaction in accordance with consumers' reasonable expectations;

(d) If a supplier shows by a preponderance of the evidence that a violation of this chapter resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid the error, recovery under this Subsection (2) is limited to the amount, if any, by which the supplier was unjustly enriched by the violation.

(e) An action may not be brought by the enforcing authority under this Subsection (2) more than two years after the occurrence of a violation of this chapter.

(3) (a) The enforcing authority may terminate an investigation or an action other than a class action upon acceptance of the supplier's written assurance of voluntary compliance with this chapter. Acceptance of an assurance may be conditioned on a commitment to reimburse consumers or take other appropriate corrective action.

(b) An assurance is not evidence of a prior violation of this chapter. Unless an assurance has been rescinded by agreement of the parties or voided by a court for good cause, subsequent failure to comply with the terms of an assurance is prima facie evidence of a violation.

(4) (a) In addition to other penalties and remedies set out under this chapter, and in addition to its other enforcement powers under ~~[Title 13,]~~ Chapter 2, Division of Consumer Protection, the division director may issue a cease and desist order and impose an administrative fine of up to \$2,500 for each violation of this chapter.

(b) the harm to other persons resulting either directly or indirectly from the violation;

(c) cooperation by the supplier in an inquiry or investigation conducted by the enforcing authority concerning the violation;

(d) efforts by the supplier to prevent occurrences of the violation;

(e) efforts by the supplier to mitigate the harm caused by the violation, including a reimbursement made to a consumer injured by the act of the supplier;

58-61b-103, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 58-61b-101 is enacted to read:**CHAPTER 61b. PSYCHOLOGY
INTERJURISDICTIONAL COMPACT****58-61b-101. Title.**

This chapter is known as the “Psychology Interjurisdictional Compact.”

Section 2. Section 58-61b-102 is enacted to read:**58-61b-102. Psychology Interjurisdictional Compact.**

The Psychology Interjurisdictional Compact is enacted and entered into with all other jurisdictions that legally join in the compact, which is, in form, substantially as follows:

**ARTICLE I
PURPOSE**

Whereas, states license psychologists, in order to protect the public through verification of education, training, and experience and ensure accountability for professional practice;

Whereas, this Compact is intended to regulate the day to day practice of telepsychology (i.e. the provision of psychological services using telecommunication technologies) by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to authorize State Psychology Regulatory Authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state;

Whereas, this Compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

Whereas, this Compact does not apply when a psychologist is licensed in both the Home and Receiving States; and

Whereas, this Compact does not apply to permanent in-person, face-to-face practice, it does allow for authorization of temporary psychological practice.

Consistent with these principles, this Compact is designed to achieve the following purposes and objectives:

promptly notify the Home State and the Commission.

E. If a psychologist's license in any Home State or another Compact State, or any Temporary Authorization to Practice in any Distant State, is restricted, suspended, or otherwise limited, the IPC shall be revoked and therefore the psychologist shall not be eligible to practice in a Compact State under the Temporary Authorization to Practice.

ARTICLE VI CONDITIONS OF TELEPSYCHOLOGY PRACTICE IN A RECEIVING STATE

A. A psychologist may practice in a Receiving State under the Authority to Practice Interjurisdictional Telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate State Psychology Regulatory Authority, as defined in the Rules of the Commission, and under the following circumstances:

1. The psychologist initiates a client/patient contact in a Home State via telecommunications technologies with a client/patient in a Receiving State; and

2. Other conditions regarding telepsychology as determined by Rules promulgated by the Commission.

ARTICLE VII ADVERSE ACTIONS

A. A Home State shall have the power to impose adverse action against a psychologist's license issued by the Home State. A Distant State shall have the power to take adverse action on a psychologist's Temporary Authorization to Practice within that Distant State.

B. A Receiving State may take adverse action on a psychologist's Authority to Practice Interjurisdictional Telepsychology within that Receiving State. A Home State may take adverse action against a psychologist based on an adverse action taken by a Distant State regarding temporary in-person, face-to-face practice.

C. If a Home State takes adverse action against a psychologist's license, that psychologist's Authority to Practice Interjurisdictional Telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's Temporary Authorization to Practice is terminated and the IPC is revoked.

1. All Home State disciplinary orders which impose adverse action shall be reported to the Commission in accordance with the Rules promulgated by the Commission. A Compact State shall report adverse actions in accordance with the Rules of the Commission.

2. In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the Rules of the Commission.

3. Other actions may be imposed as determined by the Rules promulgated by the Commission.

D. A Home State's Psychology Regulatory Authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a Receiving State as it would if such conduct had occurred by a licensee within the Home State. In such cases, the Home State's law shall control in determining any adverse action against a psychologist's license.

E. A Distant State's Psychology Regulatory Authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under Temporary Authorization to Practice which occurred in that Distant State as it would if such conduct had occurred by a licensee within the Home State. In such cases, Distant State's law shall control in determining any adverse action against a psychologist's Temporary Authorization to Practice.

F. Nothing in this Compact shall override a Compact State's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the Compact State's law. Compact States must require psychologists who enter any alternative programs to not provide telepsychology services under the Authority to Practice Interjurisdictional Telepsychology or provide temporary psychological services under the Temporary Authorization to Practice in any other Compact State during the term of the alternative program.

G. No other judicial or administrative remedies shall be available to a psychologist in the event a Compact State imposes an adverse action pursuant to Article VII, Section C.

ARTICLE VIII
ADDITIONAL AUTHORITIES
INVESTED IN A COMPACT
STATE'S PSYCHOLOGY
REGULATORY AUTHORITY

A. In addition to any other powers granted under state law, a Compact State's Psychology Regulatory Authority shall have the authority under this Compact to:

1. Issue subpoenas, for both hearings and investigations, which require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a Compact State's Psychology Regulatory Authority for the attendance and testimony of witnesses, and/or the production of evidence from another Compact State, shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing State Psychology Regulatory Authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

2. Issue cease and desist and/or injunctive relief orders to revoke a psychologist's Authority to Practice Interjurisdictional Telepsychology and/or Temporary Authorization to Practice.

B. During the course of any investigation, a psychologist may not change his/her Home State licensure. A Home State Psychology Regulatory Authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The Home State Psychology Regulatory Authority shall promptly report the conclusions of such investigations to the Commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his/her Home State licensure. The Commission shall promptly notify the new Home State of any such decisions as provided in the Rules of the Commission. All information provided to the Commission or distributed by Compact States pursuant to the psychologist shall be confidential, filed under seal, and used for investigatory or disciplinary matters. The Commission may create additional rules for mandated or discretionary sharing of information by Compact States.

ARTICLE IX
COORDINATED LICENSURE
INFORMATION SYSTEM

A. The Commission shall provide for the development and maintenance of a Coordinated Licensure Information System (Coordinated Database) and reporting system containing licensure and disciplinary action information on all psychologists to whom this Compact is applicable in all Compact States as defined by the Rules of the Commission.

B. Notwithstanding any other provision of state law to the contrary, a Compact State shall submit a uniform data set to the Coordinated Database on all licensees as required by the Rules of the Commission, including:

1. Identifying information;
2. Licensure data;
3. Significant investigatory information;

6. Non-confidential information related to alternative program participation information;
7. Any denial of application for licensure, and the reasons for such denial; and
8. Other information which may facilitate the administration of this Compact, as determined by the Rules of the Commission.

C. The Coordinated Database administrator shall promptly notify all Compact States of any adverse action taken against, or significant investigative information on, any licensee in a Compact State.

D. Compact States reporting information to the Coordinated Database may designate information that may not be shared with the public without the express permission of the Compact State reporting the information.

E. Any information submitted to the Coordinated Database that is subsequently required to be expunged by the law of the Compact State reporting the information shall be removed from the Coordinated Database.

The Commission may levy on and collect an annual assessment from each Compact State or impose fees on other parties to cover the cost of the operations and activities of the Commission and its staff which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission which shall promulgate a rule binding upon all Compact States.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Compact States, except by and with the authority of the Compact State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its Bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall

be included in and become part of the annual report of the Commission.

G. Qualified immunity, defense, and indemnification

1. The members, officers, Executive Director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

3. The Commission shall indemnify and hold harmless any member, officer, Executive Director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

ARTICLE XI RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the Compact States rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any Compact State.

C. Rules or amendments to the Rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or Rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission; and

2. On the website of each Compact States' Psychology Regulatory Authority or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five (25) persons who submit comments independently of each other;

2. A governmental subdivision or agency; or

3. A duly appointed person in an association that has at least twenty-five (25) members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

1. All persons wishing to be heard at the hearing shall notify the Executive Director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which

case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Compact State funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE XII
OVERSIGHT, DISPUTE
RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The Executive, Legislative, and Judicial branches of state government in each Compact State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a Compact State pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Compact State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other Compact States of the nature of the default, the proposed means of remedying the default, and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the Compact States, and all rights, privileges, and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the Compact States.

4. A Compact State which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

5. The Commission shall not bear any costs incurred by the state which is found to be in default

or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a Compact State, the Commission shall attempt to resolve disputes related to the Compact which arise among Compact States and between Compact and Non-Compact States.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the Commission.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices against a Compact State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and Bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XIII
DATE OF IMPLEMENTATION
OF THE PSYCHOLOGY
INTERJURISDICTIONAL COMPACT
COMMISSION AND ASSOCIATED
RULES, WITHDRAWAL, AND AMENDMENTS

A. The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh Compact State. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of Rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of

law on the day the Compact becomes law in that state.

C. Any Compact State may withdraw from this Compact by enacting a statute repealing the same.

1. A Compact State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Psychology Regulatory Authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a Compact State and a Non-Compact State which does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Compact States. No amendment to this Compact shall become effective and binding upon any Compact State until it is enacted into the law of all Compact States.

ARTICLE XIV

CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, the Compact shall remain in full force and effect as to the remaining Compact States.
