

**REQUEST FOR PROPOSALS to the Utah State Legislature  
Redistricting Software and Support, 2010-02**

**ADDENDUM 1**

**Addendum Date: October 4, 2010**

**ITEM 1:**

It has come to our attention that all three proposers who responded to this RFP have developed updated versions of their software products. Based on this information, we are allowing each proposer to provide their updated version to OLRGC for analysis. Updated versions should be provided to OLRGC on or before October 14, 2010 at 3:00 p.m. (MSDST) (please note that OLRGC is closed on October 11, 2010 for observance of Columbus Day). In order to evaluate these updated versions, OLRGC is extending the date for award of the contract to December 15, 2010 at 10:00 a.m. (MST), at the offices of the OLRGC. If OLRGC determines that it is prepared to award the contract at an earlier time, OLRGC will issue an addendum at least ten calendar days in advance of the award.

**ITEM 2:**

Pursuant to Section XV.2 of the RFP and Utah Code 63G-6-408(5)(b), OLRGC will conduct discussions with proposers prior to award of the contract. The purpose of these discussions are as follows:

- a. To allow each proposer to demonstrate its product online or in person; and
- b. To answer questions regarding their software, support, and RFP responses.

Thomas Vaughn will contact you this week to arrange a time for each demonstration and discussion. During these demonstrations and discussions, there will be no disclosure of any information derived from proposals submitted by competing proposers. Discussions will be concluded on or before October 29, 2010 (MSDST). Proposers will then have until November 9, 2010 at 3:00 p.m. (MST) to submit supplements (best and final offers) to their RFP responses, if proposers desire. If no supplement is submitted, OLRGC will rely on the initial RFP response.
