R311-201-11. Work Performed by Licensed Engineers or Geologists.

(a) All work that qualifies as Professional Engineering or the Practice of Engineering, as defined in Section 58-22-102, shall be performed by or under the personal direction of a licensed Professional Engineer, or as qualifying under exemptions stated in Section 58-22-305. All documents and other work products submitted to the division for work that is performed under Section 58-22-102, shall be stamped and signed by an individual licensed under Section 58-22-301.

(b) All work that qualifies as the Practice of Geology Before the Public, as defined in Section 58-76-102, shall be performed by or under the personal direction of a licensed Professional Geologist, or as qualifying under exemptions stated in Section 58-76-304. All documents and other work products submitted to the division, for work that is performed under Section 58-76-102, shall be stamped and signed by an individual licensed under Section 58-76-301.

R311-201-12. UST Operator Training and Registration.

(a) To meet the Operator Training requirement (42 USC Section 6991i) of the Solid Waste Disposal Act as amended by the Energy Policy Act of 2005, each UST facility shall, by January 1, 2012, have UST facility operators that are trained and registered according to the requirements of this section. Each facility shall have three classes of operators: A, B, and C.

(1) A facility may have more than one person designated for each operator class.

(2) An individual acting as a Class A or B operator may do so for more than one facility.

(b) The UST owner or operator shall provide documentation to the Executive Secretary to identify the Class A, B, and C operators for each facility. If an owner or operator does not register and identify Class A, B, and C operators for a facility, the certificate of compliance for the facility may be revoked for failure to demonstrate substantial compliance with all state and federal statutes, rules and regulations.

(c) After January 1, 2012, new Class A and B operators shall be trained and registered within 30 days of assuming responsibility for an UST facility. New Class C operators shall be trained before assuming the responsibilities of a Class C operator.

(d) The Class A operator shall be an owner or employee who has primary responsibility for the broader aspects of the statutory and regulatory requirements and standards necessary to operate and maintain the UST system. The Class A operator shall:

(1) have a general knowledge of UST systems;

(2) ensure that UST records are properly maintained according to 40 CFR 280;

(3) ensure that yearly UST fees are paid;

(4) ensure proper response to and reporting of emergencies caused by releases or spills from USTs;

(5) make financial responsibility documents available to the Executive Secretary as required; and

(6) ensure that Class B and Class C operators are trained and registered.
