2012 FEDERAL EQUITABLE SHARING REPORT

The primary purpose of the federal government's forfeiture program is law enforcement -- to deter crime by depriving criminals of the profits and proceeds of their illegal activities and to weaken criminal enterprises by removing the instrumentalities of crime. An ancillary purpose of the program is to enhance cooperation among federal, state, and local law enforcement agencies through the equitable sharing of federal forfeiture proceeds.

Reporting Period and Process

The period of this report is July 1, 2011 through June 30, 2012. Post cards were mailed to all Utah law enforcement agencies; reminder notifications were made to the specific agencies identified by the U.S. Department of Justice and the U.S. Department of the Treasury as receiving shares of federal asset forfeiture monies and/or property. The reporting information was also posted on CCJJ's webpage.
