

Dear Chairs and Members of the State Water Development Commission:

The Snake Valley Water Agreement will be reviewed at the next State Water Development Commission meeting on Tuesday, November 13th. At that time Steven Clyde will make a brief presentation highlighting a review he, Dallin Jensen and Warren Peterson did of the proposed agreement. We have also included a letter that Millard County Commissioners sent to Governor Herbert. This is intended to be an informed presentation that highlights two contrasting views of the proposed Snake Valley Agreement. I have attached the proposed agreement, a review by Steven Clyde, Dallin Jensen, and Warren Peterson as well as a detailed letter from Millard County.

You can view these documents by either going to waterrights.utah.gov and selecting the link on the right side of the page to the Snake Valley Agreement or by going directly to <http://waterrights.utah.gov/snakeValleyAgreement/default.asp>

Thanks,

Mike Mower
Deputy Chief of Staff/State Planning Coordinator
