

Fund 7305 State Development Center-Patient Account

Agency(s): Human Services

Analyst: Stephen Jardine

Purpose and Uses

This fund holds assets belonging to residents at the Utah State Developmental Center for their personal expenditures.

Accountability

An outside audit firm reviews this fund as required by the federal Medicaid program. There have been no significant audit findings for the last three years. The federal Medicaid program defines what these funds can be used for, which is client "personal needs." Expenditures "require the approval of a Qualified Intellectually Disabled Professional who follows the guidelines identified in each individual's Person Centered Plan." The stoplight is yellow because there are no state government fund-specific reports.

Recommendation

Due to the materiality and fiduciary nature of this fund, the Analyst recommends the fund be reported annually to the Social Services Appropriations Subcommittee.
