ISSUE BRIEF

SUMMARY

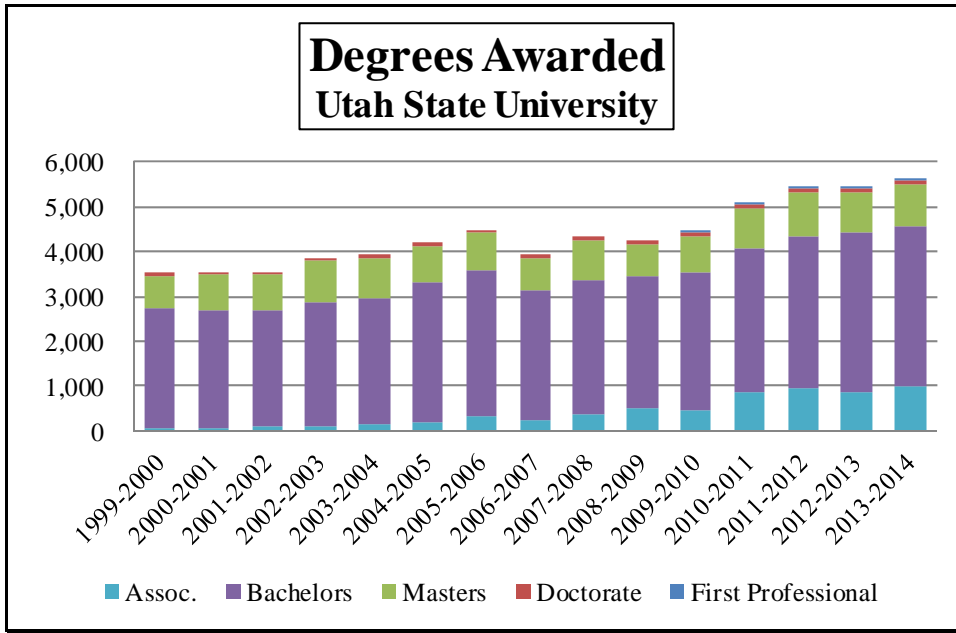

One outcome measure of higher education is the number of students who graduate from an institution and are awarded a degree. This Issue Brief provides information showing how many of each type of degrees have been awarded by each USHE institution over the past decade. Beginning on page 7, there are tables showing the certificates and degrees awarded in 2013-2014, by level, by field of study.

DISCUSSION AND ANALYSIS

The following tables provide a historical perspective of the various degrees conferred by each USHE institution for the past decade.
