

# FEDERAL FUNDS IN THE DEPARTMENT OF HEALTH

SOCIAL SERVICES APPROPRIATIONS SUBCOMMITTEE  
STAFF: RUSSELL FRANSEN

ISSUE BRIEF

**SUMMARY**

Utah Code Annotated, Section 63J-5-201, states: “The Legislative Fiscal Analyst shall submit a federal funds request summary for each agency to the legislative appropriations subcommittee responsible for that agency’s budget for review during each annual general session. Each legislative appropriations subcommittee shall review the federal funds request summary and may recommend that the agency accept the federal funds or participate in the federal program for the fiscal year under consideration; or recommend that the agency not accept the federal funds or participate in the federal program for the fiscal year under consideration.” The Department anticipates a decrease in federal funds of (\$1,103,900) for FY 2015 as well as a total of \$1,795,214,300 in FY 2016. Federal stimulus money (ARRA) is discussed in a separate Issue Brief entitled: “ARRA Funds Approval - Department of Health.” The estimate of these federal funds is subject to any subsequent actions taken by the Legislature with regard to reductions in state appropriations.

**LEGISLATIVE ACTION**

- The Analyst recommends that the Committee direct the Department of Health to accept all federal funds as listed in this brief.

**DISCUSSION AND ANALYSIS**

Federal stimulus money (ARRA) is discussed in a separate Issue Brief entitled: “ARRA Funds Approval - Department of Health.” The following tables show the federal assistance applications for fiscal years 2015 (except Medicaid) and 2016 for the Department of Health by budget line item (tables are from forms that the Department of Health submits to the Governor’s Office on an annual basis). Grants that are new to the State of Utah are listed in **bold**. Where applicable there is a discussion beneath each line item of: (1) new grants, (2) federal grant reserves over 3 months, and (3) spending plans and other potential uses for federal block grants. Three months or more of federal reserves was chosen because the Legislature ended FY 2014 with a nonlapsing balance of \$6.1 million on a total budget of \$24.7 million. This represents about 25% of the total budget or three months. In general federal block grants cannot be used to draw down additional federal funds. So any requests for funding that draw down federal funds are automatically excluded as potential uses for block grants.

**Executive Director’s Operations FY 2015 – All Grants**

**Disease Control and Prevention – Health Promotion FY 2015 & 2016 – New Grants**

The Disease Control and Prevention line item has the following grants for approval that are entirely new to the State:

- 1) **Falls Prevention** (\$443,300 in FY 2016 and \$354,700 in FY 2015) – to implement an evidence-based falls prevention program.
- 2) **Cancer Genomic Best Practices** (\$332,800 in FY 2016 and \$249,600 in FY 2015) – increase evidence-based genetic counseling capacity for hereditary cancers (breast, ovarian, and colorectal) in public health. Goal to develop a surveillance system for hereditary cancers and provide educational opportunities to public and health care providers regarding genetic counseling.
- 3) **Prescription Drug Overdose Prevention** (\$352,700 in FY 2016 and \$292,800 in FY 2015) – for state-level interventions such as addressing patient and prescriber behaviors by expanding the Utah Controlled Substance Database as a public health surveillance system, and Good Samaritan and Naloxone policy evaluations.
- 4) **Biomonitoring** (\$637,000 in FY 2015) – for the four corners states (Arizona, Colorado, New Mexico, and Utah) to collaborate to develop and enhance capability for testing for chemicals in clinical samples across the region. Specifically the four corner states will implement and expand capacity for assessing and responding to human exposure to environmental toxicants and determine estimates of background.

**Disease Control and Prevention – Federal Block Grants**

The Disease Control and Prevention line item has one block grant. This block grants and how the money will be used in FY 2016 is listed below:

- 1) Preventive Health and Health Services \$1,324,300 (<http://health.utah.gov/phhsbg/>)
  - a. \$807,600 - Physical Activity, Nutrition, and Obesity and Local Health Department Partnerships for Obesity
  - b. \$250,000 - Local Health Department Competitive Grants for suicide prevention, concussions, and/or falls prevention
  - c. \$204,900 - Local Health Department Partnerships for Injury Prevention
  - d. \$61,800 - Rape Crises and Prevention
  - e. This might be an option for funding the building block entitled “Prescription Drug Abuse, Misuse, and Overdose Prevention.”
    - i. As there are no current surpluses, the agency indicates using money for this building block would reduce other priorities.
    - ii. To use the funding for something new would require approval by the Health Advisory Council, the federal government, and a public hearing.

**Disease Control and Prevention – Federal Reserves Over Three Months**

Federal Grant Name	Amount in FY 2015 Budget Request	Reserve Spending Authority	# of Months of Reserve	Explanation
Diabetes, Heart Disease & Stroke Prevention State and Local Public Health Actions to Prevent	2,479,500	827,728	4	This is a new grant that started October 1, 2014. The Grant authority is a full year's funding, but budget prep only reflects 9 months' funding. Grant funds can only be used for the purposes and activities specified in the grant. Grant funds can not be used to supplant other funds.
Epidemiology Capacity Affordable Care Act	1,480,100	390,573	3	Reserve is due to supplemental funding requested for specific Laboratory and epidemiologic purposes specified in the grant. Can not be used to supplant other funding as per the grant.
Falls Prevention	354,700	88,812	3	This is a new grant that started September 1, 2014. The Grant authority is a full year's funding, but budget prep only reflects 10 months' funding. Funds can only be used for activities and purposes specified in the grant.
Cancer Genomic	249,600	83,197	3	This is a new grant that started September 30, 2014. The Grant authority is a full year's funding, but budget prep only reflects 9 months' funding. Funds can only be used for activities and purposes specified in the grant.
HIV Surveillance	224,500	71,200	3	Difference is due to indirect and approved carryforward \$43,020
Ryan White Part B Supplemental	162,600	41,600	3	Difference is supplemental funding for additional medications. Funds can only be used for purposes specified in the grant.

**Family Health and Preparedness – Federal Block Grants**

The Family Health and Preparedness line item has two block grants. Each of these block grants and how the money will be used in FY 2016 is listed below:

1. Maternal and Child Health \$5,777,200 (<http://health.utah.gov/mch/index.php?p=blockgrant>)
  - a. \$1,186,300 - Children with Special Health Care Needs Clinical Services – clinical health care services with specialists in Salt Lake City, Ogden, Provo, and rural itinerate clinics.
  - b. \$1,144,300 - Local health departments’ Maternal and Child Health
  - c. \$540,900 - Administration
  - d. \$428,100 - Maternal and Child Health
  - e. \$378,500 - Violence and Injury Program
  - f. \$372,600 - Local health departments’ Violence and Injury Prevention Program
  - g. \$325,300 - Maternal and Infant Health
  - h. \$274,900 - Birth Defects Surveillance
  - i. \$227,300 - Pregnancy Risk Line
  - j. \$222,200 - Oral Health Program
  - k. \$160,000 - Children with Special Health Care Needs Program
  - l. \$46,000 - Early Childhood
  - m. **\$470,700 - Indirect**
  - n. The Department is not aware of any building blocks in the Governor’s budget (<http://gomb.utah.gov/wp-content/uploads/sites/7/2014/12/2016-FINAL-BUDGET-BOOK-12.22.2014.pdf>) that could be funded with this block grant.
    - i. The agency decides how to use the grant money with public input and must conduct a needs assessment every five years.
2. Title V Abstinence Education \$361,000
  - a. The Department of Health in 2009 had a request for proposal that determined grant recipients for federal FY 2010 through FY 2015. Grant recipients must provide a match and semi-annual reports.

**Family Health and Preparedness – Federal Reserves Over Three Months**

Federal Grant Name	Amount in FY 2015 Budget Request	Reserve Spending Authority	# of Months of Reserves	Explanation
Maternal and Child Health Block Grant	6,111,400	6,556,600	12	MCH has a 24 month award period, authority total covers two years. Can be used for Restricted or general purpose? Restricted. Funding must be use for specific regulations stated in the block grant application.
Affordable Care Act - Maternal, Infant and Early Childhood Home Visiting Program	3,486,000	3,514,000	12	Grant Award Available 9/1/14 -9/30/16. Can be used for Restricted or general purpose? Restricted. Funding is restricted to developing and implementing voluntary, evidence-based home visiting programs using models that are proven to improve child health and be cost effective. These programs help to prevent child abuse and neglect, encourage positive parenting, and promote child development and school readiness. The funding is to be used to support pregnant women and families and helps parents of children from to age 5 tap the resources and develop the skills they need to raise children who are physically, socially and emotionally healthy and ready to learn. Reserve spending authority is due to an overlap in grant years.
Utah Abstinence Education Program	361,000	180,500	6	Can be used for Restricted or general purpose? This funding is restricted to address the rates of teen pregnancy among adolescent who are most likely to bear children out of wedlock. The program must focus on youth populations that are the most high-risk or vulnerable for pregnancies or otherwise have special circumstances, including youth in or aging out of foster care, homeless youth, culturally underrepresented youth, and sexual minority youth. The grant has target populations, curriculum requirements, and specific program activities.
<b>Division Total</b>	<b>9,958,400</b>	<b>10,251,100</b>	<b>12</b>

**Subcommittee Options for These Federal Grants**

As per UCA 63J-5-201 the subcommittee has at least the following three options:

1. “Recommend that the agency accept the federal funds or participate in the federal program for the fiscal year under consideration”
2. “Recommend that the agency not accept the federal funds or participate in the federal program for the fiscal year under consideration.”
3. Direct the agency to accept some, but not all of the federal funds listed above

**Grants Subject to Approval by the Executive Appropriations Committee**

As per UCA 63J-5-204 grants received after this approval process by the subcommittee that meet any of the following three criteria must be approved by the Executive Appropriations Committee:

1. More than \$1,000,000 up to \$10,000,000
2. Add 1 to 10 permanent or part-time employees
3. Require any State match up to \$1,000,000

**Grants Subject to Approval by the Full Legislature**

As per UCA 63J-5-204 grants received after this approval process by the subcommittee that meet any of the following three criteria must be approved by the full Legislature:

1. Above \$10,000,000
2. Add 11 or more permanent or part-time employees
3. Require any State match above \$1,000,000

**Additional Information About Federal Funds**

- The Catalog of Federal Domestic Assistance (CFDA) includes more detail on each program. You can access additional information for the various programs online at [www.cfda.gov](http://www.cfda.gov) and searching by CFDA number.
- [www.usaspending.gov](http://www.usaspending.gov) - federal government reporting requirements for designated grants over \$25,000.
