

FEES IN THE DEPARTMENT OF HEALTH

SOCIAL SERVICES APPROPRIATIONS SUBCOMMITTEE STAFF: RUSSELL FRANDSEN

ISSUE BRIEF

SUMMARY

In accordance with UCA 63J-1-504, requiring the agency to "submit its fee schedule... to the Legislature for its approval on an annual basis," the following fees (included in this brief) are proposed for the services of the Department of Health in FY 2016. These fees will generate revenue of approximately \$14,100,000 in FY 2016. This represents less than 1% of all the estimated funding for the Department of Health for FY 2016. The Analyst recommends that the Subcommittee approve these proposed fees.

LEGISLATIVE ACTION

The Fiscal Analyst recommends the Subcommittee, after review and any adjustments, adopt the fee schedule that begins on page 2. UCA 63J-1-504 states, "the Legislature may approve, increase or decrease and approve, or reject any fee."

DISCUSSION AND ANALYSIS

Statutory Guidance for Setting Fees

UCA 63J-1-504 states the following for setting fees:

- "(2) Each fee agency shall adopt a schedule of fees assessed for services provided by the fee agency that are:
 - (a) reasonable, fair, and reflect the cost of services provided; and
 - (b) established according to a cost formula determined by the executive director of the Governor's Office of Management and Budget and the director of the Division of Finance in conjunction with the agency seeking to establish the fee."
- "(4) Each fee agency that is proposing a new fee or proposing to change a fee shall:
 - (a) present each proposed fee at a public hearing."

The Department held a public hearing on its proposed fees on October 14, 2014. Twenty-two Health Department employees and no members of the public attended and no input was received regarding the Departments' fees.

Fee Increases

The total increase in fees for the Department of Health is estimated at \$1,100,000 or 8%. Some of the change in revenue from fees is from a more accurate system for estimating quantities of each fee, rather than an actual fee increase.

Often, the full amount of the fees cannot be collected from the client or patient, due to circumstances outlined by statute and federal program rule. These circumstances may include the income level, age or physical abilities of the clients that receive the services. A sliding payment scale is used and included for approval by the Legislature in this Issue Brief.

Medicaid application fee for prospective or re-enrolling providers

The federal Department of Health and Human Services (HHS), in

\$553.00¹

The federal Department of Health and Human Services (HHS), in accordance with the Social Security Act [section 1866(j)(2)(C)(i) as amended by the Affordable Care Act section 6401 and 42 CFR 424.514], requires certain providers in the Medicare, Medicaid, or CHIP programs to submit a fee with their enrollment or re-enrollment application. The fee has generally been established by HHS in December with a January 1st implementation date. As there is often little time between the HHS notification of the fee change and the required implementation date, the Utah Department of Health requests that the legislature authorize the new required fee although the fee change does not allow for the usual public hearing process. This fee generally will have an increase that is less than 3%.
