ESSENTIAL ELEMENTS
FOR TECHNOLOGY POWERED LEARNING
SECTION 1: INTRODUCTION

- Utah has a powerful opportunity to harness technology as a tool to transform the culture of education instruction in our state.
- Technology-powered learning engages students and enhances learning.
- Our aim is to leverage Utah's great strengths toward even greater gains for learners across our state.

**EDUCATION, THE GREAT
EQUALIZER**

SECTION 3: LEADERSHIP AND CHANGE MANAGEMENT

- Leadership and change management are recognized as the top contributors to success or failure for large scale technology initiatives.
- Outstanding leadership will be proactive, build great teams, set clear visions, expect comprehensive plans and realistic timelines, and take a leading role in selling the vision to all stakeholders, both inside and outside the organization.
- John Kotter's "Eight Steps to Successful Change"
 - Establish a sense of urgency
 - Form a powerful coalition
 - Create a vision
 - Communicate the vision
 - Empower others to act on the vision
 - Plan and create short term wins
 - Consolidate improvements and produce still more change
 - Institutionalize new approaches

$$\cos^2 x = \frac{1}{2}(1 + \cos(2x))$$

$$\sin^2 x = \frac{1}{2}(1 - \cos(2x))$$

$$\sin x \cos x = \frac{1}{2} \sin(2x)$$

ESSENTIAL ELEMENTS FOR TECHNOLOGY POWERED LEARNING **SECTION 10: COST PROPOSAL – FUNDING FORMULA**

Charter Schools

- The amount available to distribute to qualifying charter schools is an amount equal to the product of enrollment on October 1 in the prior year at charter schools statewide, divided by enrollment on October 1 in the prior year in public schools statewide; and the total amount available for distribution under this section.
- The board shall distribute to qualifying charter schools the amount available for distribution to qualifying charter schools in proportion to each qualifying charter school's enrollment as a percentage of the total enrollment in qualifying charter schools; or as determined by the State Charter School Board and approved by the board.
- Charter School technology spending/maintenance of effort are not to be supplanted as established by board rule.

School Districts

- The board shall distribute 10% of the funds available on an equal basis
- The remaining 90% of the funds shall be distributed to the qualifying LEAs on a per-student basis.
- LEA technology spending/maintenance of effort are not to be supplanted as established by board rule.
- Each LEA has an opportunity to receive funds if the LEA's plan has been approved in year one
- If an LEA's plan is not approved during year one of the program, the board shall deposit the LEA's allocation of program money into a separate account that is non-lapsing while providing additional supports to help the LEA qualify
