

INDEPENDENT LIVING IFR - 2017

The Independent Living (IL) Program is requesting \$300,000 ongoing pass through funding. The funding will be allocated by formula among the six Independent Living Centers across the State. For the past two years, IL Programs have received one-time funding.

This pass through funding request will assist the six IL Centers to continue their efforts to serve underserved populations. Individuals with significant disabilities need community supports and services to live in community based settings, which foster independence and productivity. Each Center is a unique, non-residential, nonprofit service agency that assists individuals of all ages, with all types of disabilities to increase or maintain their independence in their own home and community.

Funding will support programs and expenses to maintain current levels of services in all programs including skills training, youth services, assistive technology assessment, and nursing home transition/diversion and individual and system advocacy.

FFY 2014 - IL Programs throughout Utah provided: (data will be undated when reports for FFY 2015 are compiled in January 2016):

- **7,174** people with disabilities (unduplicated) received services from one of the six IL Programs.
- **211** client/consumer load average per IL direct service staff member.
- **48,358** individual services were provided.
- **1,139** youth were provided IL skills and leadership training, service related to transition from school to adult life and they participated in programs to increase their level of independence. This is an **increase of 78%** from four years ago.
- Of **2,432** consumer records closed, **1,956** consumers achieved all planned goals indicating increased independence.
- **93** persons were transitioned out of long-term care facilities saving over 3.6 million* in Medicaid dollars and **324** persons were diverted from entering a facility. (*Referenced - 2013 Medicaid CMS 372 based on a 365 day year)

Success will be measured by:

1. Number of consumers served by IL Centers will meet or exceed previous year (target 7,174)
2. Percentage of consumers served by IL who are new consumers will meet or exceed 20% (target 1,435)
3. For consumer records closed, the percentage of consumers who achieved all planned goals will meet or exceed 15% (target 364)

INDEPENDENT LIVING/ASSISTIVE TECHNOLOGY REQUEST

The Independent Living (IL)/Assistive Technology (AT) Program is requesting \$ 700,000 (\$200,000 on-going funding and \$500,000 one-time funding) to assist individuals with disabilities to live more independently in their homes and communities.

There is currently a waiting list of **67 individuals** with disabilities needing **74 devices** at a cost of \$172,636. It is anticipated that by July 1, 2016 there will be 156 individuals needing approximately \$403,595 of AT.

FY 2015 AT services throughout Utah:

- **253 devices** were provided to **213 people** with disabilities to assist them in living more independently within their own home and community.

FY 2016 AT services throughout Utah – (YTD December 2015):

- **229 devices** have been provided to **195 people** with disabilities.

Success will be measured by:

1. Total number of consumers provided services will exceed previous year (213)
2. Total number of assistive technology devices will exceed previous year (253)
