August 31, 2016

President Wayne L. Niederhauser
Speaker Gregory H. Hughes
Legislative Management Committee
State Capitol Complex
Salt Lake City, UT 84114

President Niederhauser and Speaker Hughes,

On May 17, 2016, the Legislative Management Committee approved a site visit by the Natural Resources, Agriculture, and Environment Interim Committee (NAE). In consultation with the chairs of Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee, we have determined that we would like to combine our site visit with the appropriations subcommittee visit scheduled for September 22 and 23. We feel that the agenda of the appropriations subcommittee will also benefit the members of the NAE committee.

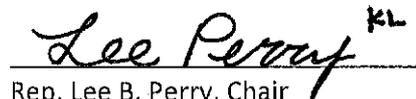

All but eight members of the NAE committee also serve on the appropriations subcommittee. Therefore, combining the two groups will result in a substantial reduction in cost. We write to request your approval of this modification to our original plan.

Thank you for your time and consideration.

Sincerely,

 KL

Sen. Scott K. Jenkins, Chair
Natural Resources, Agriculture, and
Environment Interim Committee

 KL

Rep. Lee B. Perry, Chair
Natural Resources, Agriculture, and
Environment Interim Committee
