**Fiscal Note**  
**Bill Number SB0071**

*03-Feb-98*

*8:32 AM*

---

---

Passage of this bill extends the repeal date for a tax credit for workover credits and recompletions of oil wells. If the repeal is not extended, the General Fund would increase by approximately \$900,000 in FY 2000. Under a full years implementation the annual amount of the increase would have been \$3,600,000.
