Bill Number HB0044

19-Jan-99

2:21 PM

Any reduction (or additions) to the length of term on a criminal sentence would occur years later, at the end of the term. The number of cases impacted by the changes in this bill are assumed to be minimal. Based on current costs, a reduction in an inmate's term by one year would result in a savings of \$20,300 in General Funds.

Individual and Business Impact

A few cases of homicide may have conditions that allow the judge to sentence as manslaughter which would somewhat reduce the length of term of the prison sentence.
