
Fiscal Note**Residency Requirement for Concealed Firearm Permit***09-Feb-00***Bill Number HB0372***9:18 AM*

As the current permits for out-of-state residents run out, they will not be renewed. At that time, the State will have a small loss in fee revenue and the Division will have a small reduction in workload. These losses would be offsetting and have marginal impact.

Individual and Business Impact

Existing permit holders from out of state will not be able to renew.
