

State Impact

Provisions of this bill requires the Executive Appropriations Subcommittee to annually assign an in-depth budget review of a state agency, institution or program to the appropriate joint appropriations subcommittee for review and subsequent report back to the the Executive Appropriations Subcommittee. It is estimated that the two meetings currently approved and funded for joint subcommittees to meet annually could be sufficient to accomplish this requirement and can be handled within existing budgets. If additional meetings are required it is estimated that an average of \$3,100 from the General Fund per meeting will be required.
