Bill Number HB0158

Safe Drinking Water Act Amendments

26-Feb-02

8:56 AM

State Impact

No fiscal impact is expected to State agencies to implement provisions of this bill. However, significant impact is likely to local governments, particularly water utilities required to fluoridate water supplies.

Individual and Business Impact

Individuals and business are likely to bear the burden of increased costs to local water suppliers to enact provisions of this bill. It is unknown at this time how much water rates would have to be increased.
