
Fiscal Note

Prohibition of Paid Education Association Leave

05-Feb-02

Bill Number SB0132s12:34 PM

State Impact

The provisions of this bill may be implemented within existing allocations. School districts may see a costs savings through decreased subsidization of local education association activities of teachers.

Individual and Business Impact

The cost associated with leave of employees for association or union activities may be shifted from the school district to the employee for meetings in excess of the five permitted. This may require the employee to take an unpaid day or accrued vacation time to perform association duties.
