Wildlife License Agents-Penalties for Violations

20-Jan-04

2:29 PM

State Impact

No fiscal impact on expenditures. Revenues may increase slightly to the extent that higher penalties cause license agents to more carefully track and submit funds.

Individual and Business Impact

License agents who do not submit funds from the sale of hunting and fishing licenses would be subject to higher penalties, up to a third degree felony if the amount taken is greater than \$5,000.
