

**State Impact**

This bill allows non-resident tuition waivers for National Guard Members. The estimated number of National Guard Members who may take advantage of this program are about 251 at an estimated loss in dedicated credits of \$1.55 million. The potential for additional costs increases in future years as members of the National Guard become aware of the program. If the loss is not funded with State resources, the institutions would have to absorb the loss in tuition revenues.
