
Fiscal Note**State Fleet Vehicle Classification***31-Jan-05***Bill Number: HB0099***11:03 AM*

State Impact

Provisions of this bill would remove approximately 2,340 existing assets from the fleet tracking system. The Division of Fleet Operations (DFO) Internal Service Fund charges a tracking system fee of \$2.25 per asset per month. Removing 2,340 assets would cause DFO to lose \$63,200 in FY 2006, but would cause an equal amount of savings to customer state agencies. In FY 2007 DFO would likely request a rate increase on remaining assets to recover the revenue.

Individual and Business Impact

No fiscal impact.
