
Fiscal Note**Office of Recovery Services Fee***21-Feb-05***Bill Number: HB0340***1:10 PM*

State Impact

This legislation authorizes, but does not require, the Office to enact rules to charge fees to replace some or all of State fund support. Total state support to the Office is currently about \$10.7 million. However, if enacted, approximately two-thirds of such collections would see a dollar for dollar reduction in federal support to the agency.

Individual and Business Impact

If increased fees are enacted, they would impact either the custodial or non-custodial parents, legal guardians or the putative fathers.
