

**State Impact**

This bill provides for Utah's withdrawal from the Compact for Education, which is governed by the Education Commission of the States (ECS). By withdrawing from the Compact for Education, the State should realize some cost savings associated with the fees paid to ECS. The State, through the State Board of Education, currently pays \$60,200 in fees to ECS. There is also an indeterminate amount of saving for per diem and travel expenses associated with meeting and conference attendance.
