
Fiscal Note**Changes to 2004 General Obligation Bond***02-Feb-05***Bill Number: SB0162***4:31 PM*

State Impact

No new fiscal impact on state bonding. This bill amends the prior year general obligation bond authorization, for which a fiscal impact was calculated. Since this bill amends the authorized bonding level to a lower amount than the original bonding bill, the state would see some issuance savings.

Individual and Business Impact

No fiscal impact.
