

State Impact

Current law requires the state to appropriate \$4,350,000 from Alcoholic Beverage Enforcement and Treatment Restricted Account for FY 2007 to the Tax Commission for distribution to local governments. Of that amount \$3,741,900 is already in the base budget, and Commerce and Revenue is scheduled to talk about a building block that would take the total to \$4,350,000. This bill duplicates that appropriation. It also appropriates \$543,750 to the Department of Public Safety, Highway Safety Office and appropriates \$1,631,250 to the Department of Alcoholic Beverage Control for a media campaign. The fiscal note below does not include the amounts already in code on the assumption that they will be adjusted in the regular budget bills or in this bill.
