### Fiscal Note

State of Utah

---

---

#### State Impact

Enactment of this bill will not require additional appropriation. Background checks required by the bill will cost approximately \$162,800 in Federal Funds and Dedicated Credits each year. However, the bill is anticipated to generate off-setting savings in reduced demand for Family, Friend, and Neighborhood child care provider licenses and therefore reduced workload.

#### Individual, Business and/or Local Impact

Enactment of this bill likely will not result in direct, measurable costs and/or benefits for local governments. Businesses may be impacted due to new requirements to operate a licensed child care center. Individuals may also be impacted due to requirements to pay for a background check.
