
H.B. 101 - Assertive Community Mental Health Treatment Pilot Program

Fiscal Note

2009 General Session

State of Utah

State Impact

Enactment of this bill will require an appropriation of \$848,300 for three years from the General Fund to the Division of Substance Abuse and Mental Health to provide community mental health treatment to seriously mentally ill individuals.

Individual, Business and/or Local Impact

Individuals with serious mental illness remaining in their own homes or in the community as a result of this program as well as their family members may benefit from this bill. An unspecified local government unit to which the pilot program would be awarded would incur costs and may benefit from enactment of this bill. There would be no measurable direct cost or benefit for local businesses.
