
Fiscal Note**H.B. 190 - Disclosure of Methamphetamine Contaminated Property Act
Amendments**

2010 General Session

State of Utah

State Impact

Enactment of this bill will not require additional appropriations.

Individual, Business and/or Local Impact

Enactment of this bill likely will not result in direct, measurable costs and/or benefits for local governments. If a methamphetamine test is required for rental or sold properties, individuals and businesses could be affected. The average cost of a meth verification is currently \$125 per test.
