**State Government**

UCA 36-12-13(2)(b)

Enactment of this legislation likely will not materially impact state revenue.

Revenues	FY 2015	FY 2016	FY 2017
Total Revenues	\$0	\$0	\$0

Enactment of this legislation would consolidate the Division of Solid and Hazardous Waste and the Division of Radiation Control into a single division called the Division of Waste Management, and it would merge the Solid and Hazardous Waste Control Board and the Radiation Control Board (each of which has 9 members) into an 11 member Waste Management Board. Enactment of this legislation could reduce expenditures by the Department of Environmental Quality by \$254,200 ongoing beginning in FY 2016 from the Environmental Quality Restricted Account due to elimination of a Division Director position and a Support Services Coordinator position, and due to reduced costs resulting from fewer total board members. Additional savings may also be realized during the consolidation process.

JR4-2-404

No performance note required for this bill

**Notes on Notes**

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
