## Local Government

Enactment of this bill could reduce local property tax revenue from personal property new growth by \$3,250,000 annually.

## Individuals & Businesses

Enactment of this bill could result in \$3,250,000 annual savings for businesses and individuals that have business personal property growth.

## Performance Note

No performance note required for this bill

## Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
