State Government

UCA 36-12-13(2)(b)

Enactment of this legislation likely will not materially impact state revenue.

Revenues	FY 2016	FY 2017	FY 2018
Total Revenues	\$0	\$0	\$0

Enactment of this legislation could cost the Lieutenant Governor's Office \$16,200 from the General Fund in each election cycle beginning in FY 2017, or \$8,100 annually, to verify an estimated 150,000 signatures collected by partisan and nonpartisan elected State Board of Education candidates. Beginning in January 2019, the reduction in State Board of Education membership from 15 to 13 members could decrease annual state expenditures from the Education Fund by \$40,100 on average, including \$10,400 for salaries and meeting pay, \$10,400 for travel reimbursements, and \$19,300 for benefits and taxes. The elimination of the nominating and recruiting committee from the State Board of Education election process would also eliminate expense reimbursements paid to the 12 members from the General Fund, beginning in the 2018 election cycle; the amount of these reimbursements vary between election cycles based on the circumstances of individuals on the committee.

Expenditures	FY 2016	FY 2017	FY 2018

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
