Local Government

UCA 36-12-13(2)(c)

Enactment of this legislation likely will not result in direct, measurable costs for local governments.

Individuals & Businesses

UCA 36-12-13(2)(d)

The bill reduces the regulatory requirements for certain recycling facilities. Businesses that recycle materials in compliance with the bill will be exempt from the requirements to create plan approvals for their recycling activities. DEQ currently charges a fee associated with these plans. No longer being required to comply with these requirements will result in a savings for those businesses. An estimated five businesses will each save approximately \$360 annually, for an aggregate total of \$1,800.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
