This bill creates a new cause of action for state institutions of higher education. To the extent that individuals bring action, institutions may see an increase in expenditures. However, the amount cannot be determined due to a number of unknown factors, including the number of possible actions, the representation and litigation required, and damages awarded. Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
