Local Government

UCA 36-12-13(2)(c)

Enactment of this bill could cost counties that do not have ballot drop boxes or do not have the minimum required number of boxes. The cost of a drop box is estimated at \$1,500. The population criteria in the bill would result in 25 counties needing the minimum of three drop boxes; four counties would need more than three to meet the requirements. The total aggregate impact for all counties would be \$136,500 one-time in FY 2018, although counties with populations less than 30,000 could apply for an exception to the minimum requirement.

Individuals & Businesses

UCA 36-12-13(2)(d)

Enactment of this legislation likely will not result in direct, measurable expenditures by Utah residents or businesses.

Performance Note

No performance note required for this bill

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
