

Performance Note
SB0046 - Medicaid Expansion
Amendments
 Sponsor: Sen. Davis, Gene

Performance Note Report

Author: kimbeck@utah.gov

Agency: Department of Health

Funding For:

Serving a New or Larger Population

Public Benefit:

Purpose: Pay for health care provided to adults ages 19-64 - many of them are currently uninsured

Services: Medical care provided in an inpatient and outpatient hospital setting, care provided by physicians or other medical professionals, pharmaceutical products and other medical services.

Expected Outcome: By FY 19, it is expected that 100,000 adults will be enrolled in the new program. This coverage is expected to provide services to newly enrolled adults and reduce uncompensated care.

Implementations and Resources: UDOH will add newly eligible adults to the Medicaid program. Eligibility determination and case management will be handled by DWS through eREP. Claims payment will be made through MMIS (and then PRISM when it is implemented).

How: When DWS accepts and approves applications, newly eligible adults will be enrolled in Medicaid. When UDOH pays claims, medical providers will receive reimbursement for services provided to newly eligible adults. When medical providers are reimbursed for services that previously had been provided as uncompensated care, uncompensated care will be reduced.

Performance Measures

Goal

Title: Newly eligible adults

Description: Newly eligible adults ages 19-64 enrolled in Medicaid

Collection Method: The enrollment information will be collected through eligibility signup with Department of Workforce Services.

	2017	2018	2019
Newly enrolled adults	0.00	0.00	100000.00
None	0.00	0.00	0.00
