**State Government**

UCA 36-12-13(2)(b)

Enactment of this legislation could generate \$996,000 ongoing to the Cannabidiol Product Restricted Account, starting in FY 2020. It could also increase the revenue to the Commerce Service Account by \$17,500 annually beginning in FY 2019. This revenue, when combined with the Department of Commerce costs identified below, could reduce the year-end transfers from the Commerce Service Account to the General Fund by \$9,400 one-time in FY 2019 and \$2,100 ongoing in FY 2020. The bill would also require a transfer in FY 2020 from the Cannabidiol Product Restricted Account to the General Fund one-time of \$252,600, which is the General Fund appropriation in FY 2019 to implement the new program.

The legislation could also cost the Department of Commerce \$29,000 one-time in FY 2019 and \$19,600 ongoing in FY 2020 from the Commerce Service Account for additional staff. **Notes on Notes**

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
