Local Government

UCA 36-12-13(2)(c)

Enactment of this bill could save the counties a portion of the anticipated \$389,600 in yearly reimbursements ongoing beginning in FY 2020 because of the change in state's reimbursable amount for waste tire transporters from 60% to 100% and the change in reimbursement payment for crumb rubber. The amount of this money saved by the county or municipality is determined by whether they apply to the director for payment for the costs of removing tires.

Individuals & Businesses

UCA 36-12-13(2)(d)

Enactment of this bill could save businesses a portion of the anticipated \$389,600 in yearly reimbursements ongoing beginning in FY 2020 because of the change in state's reimbursable amount for waste tire transporters from 60% to 100% and the change in reimbursement payment for crumb rubber.

Regulatory Impact

UCA 36-12-13(2)(e)

Enactment of this legislation likely will not change the regulatory burden for Utah residents or businesses.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
