

**REQUEST FOR PROPOSALS to the Utah State Legislature for
Purchase of Printers/Copiers, MF equipment, and
Associated OEM Maintenance and OEM Supplies, RFP No. 2012-05**

ADDENDUM 1

Addendum Date: June 8, 2012

Question #1

If the Xerox Color 242 is being transferred to the LFA, does the LFA office still have need for the Konica Minolta C450?

Answer #1

As indicated in the RFP:

"LFA is currently planning on keeping this copier/printer for future use, but is willing to consider other options as part of this RFP, including a trade-in, sale, or changes to the existing contract (e.g. click charges) relating to this copier/printer that would result in a savings to the LFA."

"The LFA is not interested in replacing this copier/printer unless doing so would result in a net cost savings to the LFA, taking into account the amount received on trade-in or sale, the cost of a new copier/printer, the click charges relating to the old copier/printer and the new copier/printer, and any other applicable charges or expenses."

Question #2

What features does LFA need for a replacement of the Konica Minolta C450?

Answer #2

At a minimum, the same features as the Konica Minolta C450.

Question #3

Can the scanner feeder capacity on COPIER/PRINTER A and COPIER/PRINTER B be 150 pages instead of 250?

Answer #3

Yes.

Question #4

What folds do COPIER/PRINTER A and COPIER/PRINTER B need to be capable of doing?

Answer #4

- a. COPIER/PRINTER A is not required to do any folds.
- b. COPIER/PRINTER B is required to be able to do the following folds:
 - i. fold 11x17 into engineering fold for input into 8.5x11 binder;
 - ii. letter fold; and
 - iii. booklet fold.
