

ICD-10 "ROAD TO 10": ICD-10 TRAINING

Official CMS Industry Resources
for the ICD-10 transition
<http://roadto10.org>

Your practice's ICD-10 transition is in good hands. Yours.

Taking advantage of the extended ICD-10 implementation timeframe gives you even more control over your practice's ICD-10 transition. To help your practice make the best use of this extension, the Centers for Medicare & Medicaid Services (CMS) is excited to offer free ICD-10 training: **Road to 10: A Small Physician Practice's Route to ICD-10**

- Study the basics, differences, and benefits of ICD-10
- Explore common codes, primers for clinical documentation, and clinical scenarios all broken out by specialty
- Create a customized Action Plan, personalized by specialty and practice details

Date:

August 28th, 2014

Time:

12:00 to 1:00PM MT

Location:

COPIC Building
7351 E. Lowry Blvd.
Mile High Room
Denver, CO 80123

Learning Objectives:

Designed for physicians and practice managers, this educational session will offer background and strategies on ICD-10 implementation so that small physician practices will understand the business imperative around implementing ICD-10. The presentation will cover the following topics:

- An in depth ICD-10 Overview: Where do I begin?
- Business Impacts of ICD-10
- Tips and Resources for Creating a ICD-10 Training Program for the entire practice
- Clinical Documentation Primers and Strategies
- Creating a Customizable Action Plan
- Interactive Practice Clinical Scenarios
