Protect Yourself by Understanding Healthcare Fraud

*The Centers for Medicare & Medicaid Services, in collaboration with the Colorado Medical Society, will host the **Protect Yourself by Understanding Healthcare Fraud Symposium** on September 11, 2014. The purpose of this event is to educate physicians, other healthcare providers, and administrators on how to safeguard and protect their professional identity, and their most valuable assets-their medical practice and their patients-from fraud.*

Topics Include:

- Real-life examples of issues faced by healthcare professionals in Colorado with cybersecurity, HIPAA compliance, risks of data breaches and medical ID theft;
- Understanding the different audits conducted by MACs, RACs, ZPICs, MEDIC; and more!

To register, visit:

<http://protectyourself-denversymposium.eventbrite.com>

Date: September 11, 2014

Time: 8:15am-4:45pm

Location: Colorado Medical Society
7351 E. Lowry Boulevard
Denver, CO 80230

The Centers for Medicare & Medicaid Services is evaluating this activity for continuing education units (CEU) and continuing medical education (CME) credit. The number of credits awarded will be calculated based on the actual learning time of the activity. Final CE information & instructions will be forwarded to participants after the activity is finished.
