

**26-21a-301 Breast cancer mortality reduction program.**

The department shall create a breast cancer mortality reduction program. The program shall include:

- (1) education programs for health professionals regarding skills in cancer screening, diagnosis, referral, treatment, and rehabilitation based on current scientific knowledge;
- (2) education programs to assist the public in understanding:
  - (a) the benefits of regular breast cancer screening;
  - (b) resources available in the medical care system for cancer screening, diagnosis, referral, treatment, and rehabilitation; and
  - (c) available options for treatment of breast cancer and the ramifications of each approach; and
- (3) subsidized screening mammography for low-income women as determined by the department standards.
