

53-10-104.5 Wireless service -- Call location in emergencies.

- (1) As used in this section:
 - (a) "Call location information" means the best available location information, including information obtained by use of historical cellular site information or a mobile locator tool.
 - (b) "Law enforcement agency" or "agency" has the same definition as in Section 53-1-102.
 - (c) "Mobile telecommunications service" has the same definition as in Section 54-8b-2.
 - (d) "Telecommunication device" has the same definition as in Section 76-6-409.5.
- (2) A mobile telecommunications service shall provide call location information regarding a telecommunication device user whom a law enforcement agency has reason to believe is in need of services under Subsection (2)(a) or (b), upon the request of a law enforcement agency or a public safety communications center if the agency or center determines the location information is necessary in order to respond to:
 - (a) a call for emergency response services; or
 - (b) an emergency situation that involves the imminent risk of death or serious bodily injury as defined in Section 76-1-601.
- (3) The mobile telecommunications service may establish procedures for its voluntary response to a request for location under Subsection (2).
- (4) A mobile telecommunications service that, acting in good faith, provides information as requested under Subsection (2) may not be held civilly liable for providing the information.
- (5)
 - (a) The division shall obtain contact information from all mobile telecommunication service providers that provide services in this state to facilitate communicating location requests under Subsection (2).
 - (b) The division shall provide the contact information to all public safety communications centers in the state and shall provide updates to the contact information.
