

**72-10-114 Mechanic's certificate of competency.**

- (1) Mechanics will be rated as airframe or powerplant mechanics.
- (2) A person may hold a plurality of certificate of competency, including both classes of mechanic's certificate of competency or a pilot's and mechanic's certificate of competency.
- (3) The certificate shall be a currently effective certificate of competency issued by the government of the United States.
- (4) This restriction does not apply to mechanics employed by the United States government.

Renumbered and Amended by Chapter 270, 1998 General Session
