

79-3-510 Protection of school and institutional trust land interests relating to paleontological resources.

- (1) The School and Institutional Trust Lands Administration shall develop policies and procedures for the excavation, preservation, placement in a repository, curation, and exhibition of critical paleontological resources from school and institutional trust lands that:
 - (a) are consistent with the provisions of the school and institutional land grants; and
 - (b) insure that primary consideration is given, on a site or project specific basis, for the support of the beneficiaries of the school and institutional land grants.
- (2) Consistent with the provisions of the school and institutional land grants, the School and Institutional Trust Lands Administration may:
 - (a) preserve and develop sites found on school and institutional trust lands for scientific or educational purposes; and
 - (b) provide for the disposition of sites found on school and institutional trust lands, after the appropriate level of data recovery, for preservation, development, or economic purposes.
