21 court determines that no other available person or entity would be equally qualified, or objective.

27 United States Government or appropriated by the Legislature to the Department of Human
28 Services, the Department of Health, a county governing body, or local mental health authority for
29 the purposes of providing mental health programs or services. "Public funds" includes monies that
30 have been transferred by the state, a local governmental entity, or a local mental health authority
31 to a private provider under a contract to provide mental health programs or services. Those funds

1 maintain the nature of "public funds" while in the possession of the private entity that has
2 contracted with a local mental health authority to provide mental health programs or services.

3 (2) Each local mental health authority is responsible for oversight of all public funds
4 received by it, in order to assure that those public funds are utilized in accordance with federal and
5 state law, the rules and policies of the Department of Human Services and the Department of
6 Health, and the provisions of any contract between the local mental health authority and the
7 Department of Human Services, the Department of Health, or a private provider. A local mental
8 health authority is civilly liable, in accordance with the penalties described in Subsection (3), for
9 failure to take immediate corrective action, if it knew or reasonably should have known that a
10 contract provider of mental health programs or services or one of its employees:

11 (a) violated, on one or more occasions, any federal or state criminal law;

12 (b) knowingly violated, on more than one occasion, any rule or policy of the Department
13 of Human Services or Department of Health, or any provision of contract between the local mental
14 health authority and the Department of Human Services, the Department of Health, or the private
15 provider;

16 (c) appropriated public funds to his own use or to the use of another without authority of
17 law;

18 (d) loaned public funds without authority of law;

19 (e) failed to keep public funds in his possession until they were disbursed or paid out by
20 authority of law;

21 (f) unlawfully deposited public funds in any bank or with any other person;

22 (g) knowingly kept any false account or made any false entry or erasure in any account of
23 or relating to the public funds;

24 (h) fraudulently altered, falsified, concealed, destroyed, or obliterated any account of or
25 relating to public funds;

26 (i) willfully refused or omitted to pay over, on demand, any public funds in his hands upon
27 presentation of a draft, order, or warrant drawn upon such funds by competent authority;

28 (j) willfully omitted to transfer public funds when the transfer was required by law;

29 (k) willfully omitted or refused to pay over, to any officer or person authorized by law to
30 receive it, any public funds received by him, when under any duty imposed by law to pay over
31 those funds;

1 (l) failed to ensure competent oversight for lawful disbursement of public funds; or
2 (m) appropriated public funds for an unlawful use or for a use that was not in compliance
3 with contract provisions or state or local policy.

4 (3) A local mental health authority that knew or reasonably should have known of any of
5 the circumstances described in Subsection (2), and that fails or refuses to take immediate
6 corrective action in good faith shall, in addition to any other penalties provided by law, be subject
7 to the following penalties:

8 (a) in all cases, shall be required to make full and complete repayment to the state of all
9 public funds improperly used or expended; and

10 (b) in all cases, shall be required to pay the state its costs of enforcement of this section,
11 including, but not limited to, the costs of auditors, investigators, attorneys, and other public
12 employees, as determined by the Office of the Attorney General.

13 (4) (a) In addition to the penalties described in Subsection (3), the Office of the Attorney
14 General, on behalf of the Department of Human Services or the Department of Health, may
15 petition the district court for the county in which the local mental health authority or its contract
16 provider is located for the appointment of a receiver over all mental health programs and services
17 of the local mental health authority.

18 (b) The court shall issue an order to show cause why a receiver should not be appointed,
19 answerable within five days after the petition is filed.

20 (c) If the court determines that the facts warrant granting the petition, it shall appoint a
21 receiver to take charge of all mental health programs and services of the local mental health
22 authority. In the case of misuse of medicaid funds, the receiver shall be one who is approved by
23 the Department of Health; in all other cases, the receiver shall be approved by the Department of
24 Human Services. Either of those departments may be appointed as receiver, upon their request,
25 if the court determines that no other available person or entity would be equally qualified, or
26 objective. The court may determine fair compensation for the receiver.

27 (d) A receiver appointed pursuant to this section shall have the powers and duties
28 prescribed by the court.

29 Section 5. Section **62A-1-111** is amended to read:

30 **62A-1-111. Department authority.**

31 The department has authority, in addition to all other authority and responsibility granted
