

1 price/allocation of those who leave spread to those who stay in an amount up to 75-80% with the  
2 remaining amount returned to the General Fund to be allocated to positions that are below  
3 standard.

4 5. State Disclosure of Tax Expenditures - to study whether to require the governor to  
5 submit a tax expenditures report in conjunction with his budget. (1st Sub HB 108)

6 6. State Operation and Maintenance Funding - to study funding of state operation and  
7 maintenance, particularly in higher education.

8 7. Concurrence Texts - to study whether the text of all concurrences should be provided  
9 prior to the final vote on a bill.

10 8. Standing Committee Votes on Bill Status - to study whether the standing committee  
11 vote should be provided in the "Bill Status" information on the computer.

12 9. Consumer Protection Related Insurance Products - to study consumer protections for  
13 issuance of insurance products by financial institutions.

14 10. Definitions of "Worker" and "Employer" - to study the definitions of "Utah worker"  
15 and "employer" for Utah and other states.

16 11. Dental Assistants - to study permissible procedures for dental assistants.

17 12. Employment in Film Industry - to study employment relationships in the film  
18 industry. (SB 193)

19 13. Expiring Housing Contracts - to study the impact of expiring housing contracts and  
20 subsidies on Utah's elderly, disabled, and low income families.

21 14. Forfeiture Law - to study the various policy issues related to forfeiture law.

22 15. Impact of Health Insurance Reform - to study the impact of health insurance reform  
23 on the individual and small group health insurance market.

24 16. Insurance Coverage Denial - to study the establishment of a review panel where a  
25 consumer could appeal or have clarified the reasons for being canceled when they have paid for  
26 many years and then file a claim to their carrier.

27 17. Landlord Rights - to study landlord rights when unlawful activities occur.

28 18. Misleading Advertising - to study ways to prohibit misleading advertising.

29 19. Nonnegotiable Instruments - to study the regulation of nonnegotiable instruments.

30 20. Nonprofit Organizations - to study wage payment regulations for nonprofit  
31 organizations.

- 1           21. Prescription Coverage - to study issues related to prescription coverage.
- 2           22. Restaurant Liquor Licensees - to study proximity requirements of restaurant liquor
- 3 licensees.
- 4           23. Street Vendor Laws - to study laws governing street vendors.
- 5           24. Usury Laws - to study whether to impose a cap on interest rates.
- 6           25. Wrongful Liens - to study wrongful liens on property.
- 7           26. 1997-98 Extracurricular Activities Analysis - to study the managing of extracurricular
- 8 activities to allow students to be involved in sports, music, drama and other activities and still
- 9 maximize time in the classroom.
- 10          27. Applied Technology Center Credit - to study postsecondary credit for classes taken
- 11 at Applied Technology Centers.
- 12          28. ATC and Community College Needs - to study and review the academic and applied
- 13 technology education needs of Utah citizens, particularly within rural populations.
- 14          29. Best Practices in Public Education - to study the possibility of developing a
- 15 coordinating mechanism in public education to disseminate the best practices that have developed
- 16 in instruction and in management of education, not only in Utah, but nationwide over the past 15
- 17 years.
- 18          30. Busing in Hazardous Areas - to study the need for funding busing in hazardous road
- 19 areas to ensure greater safety to school children.
- 20          31. Capital Equalization - to study school capital equalization issues.
- 21          32. Capital Outlay - to study and review capital outlay and equalization problems in Utah
- 22 and the need for long range planning to solve these problems.
- 23          33. Career Ladder - to study and evaluate the career ladder programs and the feasibility
- 24 of incorporating funding into the value of the Weighted Pupil Unit.
- 25          34. Competency Based Education - to study and review the strengths and weaknesses of
- 26 competency-based education and consider the possibilities for implementing such a system in
- 27 Utah.
- 28          35. Driver Training/Licensing - to study teenage driver training and driver licensing.
- 29          36. Driver's Education - to study and review the differences between the driver's program
- 30 offered by private driver schools and those offered by school districts.
- 31          37. Driving Experience - to study whether to require a certain level of driving experience

1 prior to granting a driver license.

2 38. Driving Instructor Certification - to study the current endorsement requirements for  
3 high school driver education instruction in the public schools.

4 39. Education Improvements - to study improvements in recruiting practices, higher  
5 academic standards, stronger teacher training programs, mandatory licensing standards, and  
6 continued professional development for teachers.

7 40. Funding for Aging Building - to study ways to provide funding for school buildings  
8 that are aging and need updating in order to be functional in the 21st century and provide the  
9 required features that ensure student safety and comfort in an environment that maximizes teaching  
10 and learning.

11 41. Funding of Educational Benefits - to study whether the state should consider funding  
12 educational benefits for reserve units.

13 42. Graduate Enrollment - to study whether to permit higher education faculty to enroll  
14 in graduate classes without paying tuition if space is available. (HB 341)

15 43. Higher Education Issues - to study and review higher education issues that will  
16 strengthen postsecondary instruction in Utah, including the effect of the change to the semester  
17 calendar; the benefits and problems in the Western Governor's Virtual University; and propose a  
18 plan to provide for master planning in higher education.

19 44. Higher Education Master Plan - to study the possibility of preparing a master plan for  
20 higher education.

21 45. Higher Education Tuition - to study student tuition in higher education, how it is  
22 determined, and whether 25% of higher education COLA should be dependent on tuition increases.

23 46. HIV-AIDS Education - to study an HIV-AIDS education-component for middle  
24 school and high school.

25 47. Impact of Class Size Reduction - to study the effect of class size reduction; the  
26 number of students per classroom both before and after; the number of teachers aides used; and  
27 reports by district with data showing largest and smallest classes.

28 48. Innovation Instruction - to study ways to provide teachers with tools and training that  
29 would permit and encourage innovative instruction techniques.

30 49. Integration of Effective Technology Practices - to study and review current technology  
31 uses in public education and consider the best practices that could be implemented to maximize

1 the benefits of the computer age, including computer assisted instruction, innovative software (drill  
2 and practice, etc.) and other components to make computer learning more effective.

3 50. Middle School Issues - to study , review, and recommend reform measures for middle  
4 school education including teacher preparation, curriculum, class structure, and all education issues  
5 unique to middle school education.

6 51. Preparation Time for Elementary Teachers - to study the conditions and considerations  
7 that would require elementary teachers be provided a preparation period.

8 52. Preschool and Kindergarten Literacy - to study numeric readiness and ways to assess  
9 the literacy of students who are entering public schools.

10 53. Professional Development for Career Educators - to study the need for greater  
11 professional development in public education preparation and inservice training and consider:  
12 trainer/trainee model development; salary increase for professional development; reinstating  
13 recertification; comprehensive planning for educator training and professional development;  
14 involving the entire university in creating adequate teacher preparation; holding districts  
15 accountable for quality professional development; teacher leave programs; and quality controlled  
16 teacher mentor programs.

17 54. Public Education Inservice Training - to study and review the current status of teacher  
18 inservice training in Utah and make recommendations for strengthening that effort throughout the  
19 state.

20 55. Regents Powers - to study the power of the State Board of Regents to purchase or  
21 lease buildings. (HB 335)

22 56. School District Creation - to study the process for creating a school district.

23 57. School Facilities Extended Use - to study the need for summer and after school use  
24 of school facilities for school children and their families.

25 58. School Fees - to study the progress and recommendations of task forces in the  
26 community who are studying the school fees issue.

27 59. School Finance Equity Study - to study potentialities for greater equity in school  
28 finance and review current efforts to strengthen finance equity.

29 60. School Finance System - to study the current school finance system and make  
30 recommendations.

31 61. School Incentives for Better Performance - to study the kind of incentives that could

- 1 ensure better over-all performance in elementary and secondary schools.
- 2       62. School Uniforms - to study uniforms in public schools.
- 3       63. Status and Governance of Postsecondary Education - to study the establishment of a  
4 task force to develop policies and procedures for review and recommendations relating to  
5 establishing, terminating, or changing the status and/or governance of any institution which  
6 provides postsecondary education.
- 7       64. Student Education Occupational Plan - to study the effectiveness of Student Education  
8 Occupational Plans.
- 9       65. Teacher Transfer With Same Pay - to study whether to allow circumstances in which  
10 teachers may leave one district to work in another at equal pay rate and retirement.
- 11       66. Teachers from Private Sector - to study a mechanism to allow persons with experience  
12 and education to teach in public schools without spending years earning a teacher's certificate.
- 13       67. Textbook Fees - to study a prohibition on school fees for textbooks in public  
14 education, but allowing deposits to be charged.
- 15       68. Truancy Reduction - to study the successes and failures of other states in coping with  
16 this growing problem and propose the implementation of best solutions.
- 17       69. Value Added Administration - to study and consider value added administrative  
18 methods for public education in Utah and consider the possibilities of such a system for Utah  
19 public schools.
- 20       70. 2002 Legislature Date - to study whether to change the date of the 2002 Legislature.
- 21       71. Boards and Commissions - to study issues related to boards and commissions.
- 22       72. Contingent Fee Contracts - to study the Unclaimed Property Division's use of  
23 contingent fee contracts in collecting Utah unclaimed property.
- 24       73. Debt Collection Powers - to study Office of State Debt Collection powers, including  
25 collections of court accounts receivables.
- 26       74. Ethics Reform - to study ethics reform legislation.
- 27       75. Government Employee Terminations - to study issues related to the government  
28 employee termination process.
- 29       76. Government Immunity - to study changes to the Governmental Immunity Act. (HB  
30 97)
- 31       77. Government Service - to study prompt government service requirements.

- 1           78. Legislative Compensation Commission - to study revisions to the Legislative  
2 Compensation Commission.
- 3           79. Office of Planning and Budget - to study issues related to the Office of Planning and  
4 Budget.
- 5           80. Office of State Debt Collection - to study amendments related to the Office of State  
6 Debt Collection.
- 7           81. Ombudsman - to study the establishment of an ombudsman for Utah.
- 8           82. Out-of-State Contractors - to study the employment of out-of-state contractors.
- 9           83. Private Property Rights - to study the effectiveness of existing statutes designed to  
10 protect private property rights and to review other statutes that may encroach on these rights.
- 11          84. Procurement Code and Benefits - to study health care benefits in relation to the  
12 procurement code. (SB 66)
- 13          85. Public Money for Lobbying - to study restrictions on use of public money to lobby.
- 14          86. Regional Planning - to study issues related to regional planning.
- 15          87. State Office Support - to study the creation of a support agency for state offices (such  
16 as the Judicial Conduct Commission, Guardian Ad Litem, etc.) that don't have a state agency basis.
- 17          88. Utah Technical Finance Corporation - to study what the finance corporation is doing  
18 and make recommendations which will offer options to change the focus and objectives of the  
19 organization.
- 20          89. Western Regional Primary - to study the actual implementation of a western regional  
21 primary.
- 22          90. Access to Abuse Database - to study whether to provide the State Office of Education  
23 with access to the Child Abuse Database for specified purposes.
- 24          91. AIDS Test Results Disclosure - to study whether to require the results of an AIDS test  
25 prior to marriage be disclosed to the future spouse.
- 26          92. Child Care Licensing - to study issues related to child care licensing. (SB 26)
- 27          93. Child Relocation Procedures - to study the adequacy of current procedures for  
28 relocating a child when the parents are divorced.
- 29          94. Genetic Testing - to study a genetic testing privacy act. (HB 271)
- 30          95. Group Homes - to study issues related to group homes.
- 31          96. Health Care Assistant Registry - to study the health care assistant registry to determine

1 the adequacy of information available on individuals who are on the registry, assure due process  
2 for individuals who have a bad report placed in their record, review the performance of the  
3 Division of Occupational and Professional Licensing in administering the health care assistance  
4 registry, and recommend ways to improve the performance of the registry or propose alternative  
5 methods of allowing the public to access information on health care assistants.

6 97. Health Contracts - to study contracting between medical doctors, hospitals, and health  
7 insurance companies.

8 98. HIV Testing in Rape Cases - to study the constitutional and other issues related to  
9 HIV testing in cases of rape.

10 99. Households - to study the possible regulation of the number of unrelated family  
11 members living in a household.

12 100. Human Cloning - to study the prohibition of human cloning.

13 101. Insurance Code Clarification - to study how to clarify and simplify the health  
14 insurance terms in Title 31, Insurance Code.

15 102. Insurance for Infertility - to study insurance coverage for infertility.

16 103. Mental Health Authority - to study mental health authority and administration  
17 reform. (HB 352)

18 104. Pharmacist Functions - to study whether pharmacists should be allowed to administer  
19 immunizations, and if so to what age group (adults, children, or both) and under what  
20 circumstances.

21 105. Portability of Funding - to study the portability of health and human services  
22 funding. (HB 372)

23 106. Rehabilitation for Prostitutes - to study the creation of a prostitution rehabilitation  
24 pilot program.

25 107. State Adoption Privatization - to study issues related to the privatization of state  
26 adoption services. (HB 154)

27 108. State Hospital Bed Allocation - to study state hospital beds' allocation to local mental  
28 health authorities.

29 109. Testing of Emergency Services Providers - to study disease testing for at-risk  
30 emergency services providers.

31 110. Amending Rules of Evidence - to study whether to amend the Utah Rules of

- 1 Evidence to provide a definition of "reliable hearsay."  
2           111. Civil Liability - to study the limitation of civil liability.  
3           112. Court Interviews with Children - to study the establishment of court authority to  
4 conduct confidential interviews with children in custody and visitation disputes.  
5           113. Immunity for Volunteers - to study whether volunteers ought to be granted immunity  
6 for "accidents." (4th Sub SB 54)  
7           114. Kidnaping Definitions - to study the definitions of the offenses of kidnaping and  
8 aggravated kidnaping including mandatory minimum sentences.  
9           115. Municipal Court Appeals - to study the appeal process from municipal court  
10 convictions.  
11           116. Privacy of Social Security Number - to study whether to allow a person to request  
12 that their social security number not be used as an identifier except as provided by law, and  
13 possibly provide for civil and criminal penalties.  
14           117. Religious Freedom Restoration Act - to study whether to enact similar legislation  
15 on a state level.  
16           118. Serious Youth Offender - to study whether to permit prosecutors to include some  
17 sexual offenses against children under 14.  
18           119. Statute of Limitations - to study statute of limitations regarding surveyors, engineers,  
19 and contractors.  
20           120. Board of Pardons and Corrections - to study the separation of the Board of Pardons  
21 and the Department of Corrections.  
22           121. Community Crime Prevention - to study state and county involvement in community  
23 crime prevention.  
24           122. Concealed Weapons - to study issues related to concealed weapons law changes.  
25           123. Concealed Weapons in Schools - to study concealed weapons in public schools and  
26 ways to legitimately control this student safety hazard.  
27           124. County Jail Purchases - to study the purchase of county jails from counties.  
28           125. Crime Policy Coordinator - to study whether the state should have a crime policy  
29 coordinator and if so, where to create the position.  
30           126. Driving Illegally - to study penalties for driving illegally.  
31           127. Explosives - to study the need for state regulation of the use, manufacture, storage,

1 and transportation of explosives.

2 128. Handicap Designation for Motorcyclists - to study ways to provide a decal or other  
3 designation for disabled motorcyclists.

4 129. Handicap Parking - to study the redefining of handicap parking.

5 130. Jail Contracting - to study issues related to jail contracting.

6 131. National Guard Transfer - to study issues related to CEM transfer to the Utah  
7 National Guard.

8 132. Olympics and Public Safety - to study the coordination of public safety issues during  
9 the Olympics.

10 133. Post Consolidation - to study issues related to post consolidation.

11 134. Prison Camps - to study the feasibility of establishing west desert prison camps.

12 135. Prison Privatization - to study the costs and benefits of prison privatization.

13 136. Service of Process - to study the use of constables, sheriff's office, private  
14 investigators, etc. in service of process. (HB 305)

15 137. SWAT Team Effectiveness - to study SWAT team effectiveness at prisons.

16 138. Youth Corrections "School" - to study whether youth corrections should create its  
17 own "school" and receive money from the Uniform School Fund based on WPU's for the juveniles  
18 under their jurisdiction.

19 139. Big Game/Agriculture Conflicts - to study conflicts between big game and  
20 agriculture.

21 140. Concentrated Animal Feeding Operations - to study concerns related to these  
22 operations, particularly hog farms, and their impact on the surrounding environment, including  
23 ground water.

24 141. Elk Herd Management - to study the management of elk herds with an emphasis on  
25 high quality areas including Summit and Wasatch counties.

26 142. Fertilizer - to study fertilizer content, testing, and rules by the Department of  
27 Agriculture.

28 143. Fuel Processing - to study the reprocessing of Plutonium Oxide to create fuel.

29 144. Great Salt Lake - to study and monitor the level of the Great Salt Lake and determine  
30 at what level water should be pumped from the lake.

31 145. Industrial Waste Recycling in Fertilizer - to study the potential hazard of recycling

- 1 industrial waste in fertilizer. (HB 367)
- 2 146. License Forfeiture - to study the forfeiting of hunting and fishing licenses if fines
- 3 (hunting and fishing) are not paid.
- 4 147. Open Space - to study the preservation of open space.
- 5 148. Sensitive Species - to study what actions should be taken to protect sensitive species.
- 6 149. Urban Trails - to study the need for urban trails and how to facilitate them.
- 7 150. Water Rights - to study the sale of water rights.
- 8 151. Wildlife Number - to study numbers of wildlife, specifically elk, cougar, and other
- 9 trophy hunting species.
- 10 152. Affordable Housing - to study incentives for local government affordable housing
- 11 initiatives.
- 12 153. Condemnation Process of Government Entities - to study the salvage rights and the
- 13 condemnation process as implemented by political subdivisions of the state of Utah and agencies
- 14 of the state of Utah.
- 15 154. Impact Fees - to study the cost and legality of impact fees. (SB 226)
- 16 155. Impact of Private Communities - to study private communities that are not subject
- 17 to governmental services and their impact on the local communities.
- 18 156. Land Use Planning and Zoning - to study land use planning and zoning among
- 19 municipalities.
- 20 157. Local Government and State Agency Sale of Surplus Land - to study whether to
- 21 enact requirements in law regarding the sale of surplus land by local governments and state
- 22 agencies.
- 23 158. Local Government Budgets - to study the feasibility and desirability of allowing
- 24 local governments the option of operating under a biennial budgeting system.
- 25 159. Optional Forms of County Government - to study issues related to the refinement
- 26 of Title 17, Chapter 35a, Optional Plans for County Government.
- 27 160. Redevelopment Agency Recodification - to study issues related to the recodification
- 28 of redevelopment agency statutes.
- 29 161. Special District Recodifications - to study issues related to the continued
- 30 recodification of the special district code.
- 31 162. State and Local Role in Federal Planning - to study how state law should be

1 modified, enacted or repealed to maximize state and local influence on federal planning processes.

2 163. Wendover, Utah Airport - to study what actions should be undertaken to resolve the  
3 concerns surrounding the construction of the airport at Wendover.

4 164. Dialing Parity - to study conditions under which a telephone corporation should  
5 provide dialing parity to other telecommunications corporations.

6 165. Long Distance Providers - to study unauthorized changes in a customer's long  
7 distance provider.

8 166. Power and Ground Lines - to study the need to bury power lines and other ground  
9 lines.

10 167. Residential Telephone Service - to study the development of competition in  
11 residential telephone service.

12 168. Telecommunication Industry Competition - to study the status of competition in the  
13 Telecommunications Industry, including local, long distance, cellular, and wireless service.

14 169. Telecommunication Regulatory Fees - to study payment of regulatory fees by all  
15 telecommunications providers.

16 170. Telecommunications Regulation - to study regulatory structure and resources in a  
17 competitive telecommunications environment.

18 171. Telephone Rate Subsidies - to study whether to remove subsidies (imputations) from  
19 telephone rates.

20 172. Yellow Pages - to study issues related to the U.S. West Yellow Pages.

21 173. Retirement Conversion and Credit - to study issues related to retirement conversion  
22 and credit.

23 174. Retirement Service Credit - to study current practices related to public employees'  
24 purchase of retirement service credit.

25 175. Alternative Taxes - to study alternative taxes, such as gross receipts, value-added,  
26 and sales tax on services in lieu of the tax on intangible property. (SJR 17)

27 176. Assistive Technology Devices Exemption - to study a sales and use tax exemption  
28 for assistive technology devices.

29 177. Income Tax - to study issues related to income tax law changes. (SB 4, SB 31, HB  
30 66)

31 178. Income Tax and Trust Income - to study whether to amend provisions governing

- 1 when a trust is considered to be administered in the state.
- 2 179. Intangible Property Tax Provisions - to study whether to amend intangible property  
3 tax provisions of the Utah Constitution. (SJR 17)
- 4 180. Long Term Care - to study tax incentives for long term care.
- 5 181. Marriage Penalty - to study whether Utah can and should adjust its rates and filing  
6 requirements to defer from or offset the federal tax provision for a lower credit amount for two  
7 persons married, filing jointly than two people filing separate.
- 8 182. Pay-per View Boxing Tax - to study the establishment of a pay-per view boxing tax,  
9 with revenues to be added to the Utah Boxing Fund. (SB 48)
- 10 183. Property Tax Provisions - to study whether to remove the detailed property tax  
11 provisions from the Utah Constitution.
- 12 184. Property Tax Reduction - to study issues related to property tax reduction.
- 13 185. Refund for Petroleum Retailers - to study whether to provide a collection fee refund  
14 for petroleum retailers.
- 15 186. Residential Property Exemption - to study whether to amend the Utah Constitution  
16 to modify the residential property exemption to authorize a statewide average exemption of 45%  
17 of fair market value for each class of residential property. (SJR 2)
- 18 187. Review of Tax Commission Cases - to study whether to amend the Utah Constitution  
19 to authorize a court to adjudicate or review a matter relating to revenue and taxation. (SJR 12)
- 20 188. Secondary Homes as Residential Property - to study whether to change the definition  
21 of residential property to include secondary homes. (SB 17)
- 22 189. Special Fuel Tax Exemption Certificates - to study whether to repeal or strengthen  
23 tax laws on fuels used to fuel vehicles that are not conveniently measured on a gallonage basis.
- 24 190. Tax Credit for Stay-at-Home Parents or Guardian - to study whether to grant a tax  
25 credit to parents or guardians who choose to stay at home rather than work. (SB 210)
- 26 191. Tax on Campers - to study the taxation and registration of campers.
- 27 192. Tax Refunds and Assessments Statute of Limitations - to study how to create  
28 uniformity in statute regarding the statute of limitations on refunds and assessments.
- 29 193. Taxes and the 2002 Olympics - to study the taxation implications of the Olympic  
30 Winter Games in 2002.
- 31 194. Vote on County-wide Sales Tax for Construction - to study the need for a

1 voter-approved, county-wide sales tax for transportation construction and thoroughfare  
2 improvements.

3 195. Voted Leeways and Truth in Taxation - to study and review voted leeway and truth  
4 in taxation issues in Utah, consider options and make recommendations to correct problems  
5 surrounding these issues.

6 196. Adjusted Suspension Vehicle Consideration - to study whether adjusted suspension  
7 vehicles should be offered a special license plate consideration for movement to and from their  
8 events (Monster Trucks).

9 197. Bicycle Helmet Safety - to study issues related to bicycle helmet safety.

10 198. Driver License - to study whether to extend the length of time a driver's license is  
11 valid from the current 4 years to a longer period such as 6-10 years.

12 199. Driver Safety - to study the increasing inattentiveness of drivers due to "in-car"  
13 distractions.

14 200. Highway Jurisdiction - to study highway jurisdiction transfers and funding. (1st Sub.  
15 SB 176)

16 201. Highway User Fee - to study whether nonresidents who use interstate highways  
17 should be assessed a user fee to address concerns regarding federal funding.

18 202. I-15 Construction and Funding - to study continued oversight of I-15 and Centennial  
19 Transportation funding and project updates.

20 203. Legacy Highway - to study a report on Legacy Highway.

21 204. Motorcycle Registration - to study biennial motor vehicle registrations, including  
22 property tax in lieu of fee, inspections, decals, and insurance.

23 205. Periodic License Plate Replacement - to study the need, procedures, and costs of  
24 requiring license plates to be replaced periodically.
