(b) When calculating and applying the growth factor, a district's S-3 total special education ADM for a given year is limited to 12.18% of the district's S-3 total student ADM for the same year.

(c) Growth ADMs are calculated by applying the growth factor in Subsection (8)(a) to the S-3 total special education ADM of two years previous to the current year.

(d) Growth ADMs for each district in Subsection (8)(c) are multiplied by 1.53 weighted pupil units and added to the prior year special education add-on WPU to determine each district's total allocation.

(9) If monies appropriated under this chapter for programs for students with disabilities do not meet the costs of districts for those programs, each district shall first receive the amount generated for each student with a disability under the basic program.
