

**MASTER STUDY RESOLUTION**

2000 GENERAL SESSION

STATE OF UTAH

**Sponsor: Lyle W. Hillyard**

A JOINT RESOLUTION OF THE LEGISLATURE DIRECTING THE LEGISLATIVE MANAGEMENT COMMITTEE TO ASSIGN TO THE APPROPRIATE INTERIM COMMITTEE ITEMS OF STUDY; AND REQUESTING A REPORT TO THE LEGISLATURE IN THE 2001 ANNUAL GENERAL SESSION.

*Be it resolved by the Legislature of the state of Utah:*

WHEREAS the Legislative Management Committee is created by law as a permanent committee to receive and assign matters for the interim study of the Legislature; and

WHEREAS the 53rd Legislature has determined that certain legislative issues require additional investigation and study:

NOW, THEREFORE, BE IT RESOLVED that the Legislative Management Committee assign to the appropriate interim committee the duty to study and make recommendations for legislative action they consider necessary to the 54th Legislature in the 2001 Annual General Session, or earlier if indicated, from, but not limited to, the following items of study.

BE IT FURTHER RESOLVED that the Legislative Management Committee, in making study assignments from this list and in approving study requests for individual committees, give due regard to the available time of legislators and the budget and capacity of staff to respond adequately to the number and complexity of the assignments given.

1. Funds Consolidation - to study and review current restricted accounts for possible consolidation into the General Fund and the Uniform School Fund.
2. On Going, One Time Appropriations - to study and review the funding of on going programs with one time monies.
3. Apprenticeship and Education Licensing Requirements - to study contractor licensing, apprenticeship, and education requirements for various trades.

- 28           4. Arbitration for Personal Injury - to study laws governing binding arbitration for small  
29 personal injury claims.
- 30           5. Attorney Lien Law - to study whether current lien law is adequate for attorneys to  
31 ensure that they are compensated for services rendered. (1st Sub H.B. 150)
- 32           6. Business Incentives - to study the incentives to business and industrial recruitment  
33 offered in Utah compared with other states to determine whether to reduce, expand, or maintain  
34 current recruitment efforts.
- 35           7. Cash Loan Practices - to study the interest rate and fee practices of the cash loan/check  
36 loan industry.
- 37           8. Consumer Credit - to study issues related to the accuracy of consumer credit  
38 information. (S.B. 60)
- 39           9. Consumer Information and Dispute Resolution - to study whether to require reporting  
40 agencies to disclose certain information to consumers, and to develop a dispute resolution process.
- 41           10. Continuing Education in Insurance Industry - to study whether all insurance salesmen  
42 and adjusters should be required to take continuing education courses.
- 43           11. Corporations and Commercial Code Provisions - to study the consistency of  
44 provisions related to business entities and the activities of the Division of Corporations and  
45 Commercial Code.
- 46           12. Development of Closed Bases - to study the development of military bases closed  
47 resulting from the federal base closure process.
- 48           13. Development of Tooele Army Depot - to study the infrastructure support for the  
49 economic development of Tooele Army Depot.
- 50           14. Disability Insurance Coverage - to study changes to insurance laws including disability  
51 insurance coverage requirements. (S.B. 190)
- 52           15. Discrimination Against OSHA Whistleblowers - to study discrimination against  
53 persons who complain of Occupational Safety and Health Act violations.
- 54           16. Displaying Auto Sales Fees - to study whether all fees, such as the documentary  
55 service fee, should be disclosed as part of an automobile's sticker price.
- 56           17. Drive-Through Liquor Sales - to study whether beer and related products should be  
57 sold by a business with a drive-through service.
- 58           18. Engineer Licensing - to study changes to civil, electrical, and mechanical engineer

- 59 licensing.
- 60           19. Housing Trust Fund - to study options and equity issues for permanently funding the  
61 Olene Walker Housing Trust Fund to the full trust level.
- 62           20. Indirect Purchasers - to study changes to laws governing indirect purchasers.
- 63           21. Individual Development Accounts - to study how to fund individual development  
64 accounts as a tool to help low income Utahns, fund education, and other allowable activities.
- 65           22. Industrial Manual Replacement - to study whether to replace the 1987 Standard  
66 Industrial Classification Manual with the 1997 North American Industry Classification System.
- 67           23. Insurance Notification in Divorce - to study issues related to insurance notification  
68 in divorce situations. (H.B. 73)
- 69           24. Lien Laws - to study changes to current lien laws.
- 70           25. Loan of Products to Retailer - to study under what circumstances to permit ice cream  
71 cabinets and milk coolers can be loaned or sold to retailers.
- 72           26. Mobile Home Conflicts - to study how to resolve various conflicts between renters  
73 and park owners.
- 74           27. Movie Theater Age Verification - to study whether to require that movie theaters  
75 require verification of the age of patrons for admittance to age-restricted movies. (H.B. 316)
- 76           28. Multi-level Marketing - to study whether there should be mandatory disclosure  
77 language to protect consumers from pyramid schemes.
- 78           29. Privacy of Personal Information - to study how and for what purposes personal  
79 information regarding consumers is collected and transferred, including a review of federal  
80 legislation and the laws of other states. (1st Sub H.B. 70)
- 81           30. Property Owner Equity Foreclosure - to study issues related to loss or repayment of  
82 property owner's equity in a foreclosure action.
- 83           31. Residential Lien Recovery Fund - to study issues related to the Residential Lien  
84 Recovery Fund. (S.B. 193)
- 85           32. Revised Nonprofit Corporations Act - to study the implementation of the Revised  
86 Nonprofit Corporations Act. (1st Sub S.B. 61)
- 87           33. Scope of Unprofessional Conduct Laws - to study whether to require individuals  
88 engaged in an internship, residency, preceptorship, postceptorship, fellowship, apprenticeship, or  
89 on-the-job-training program approved by the Division of Occupational and Professional Licensing

90 to be bound by the laws governing unlawful and unprofessional conduct.

91 34. Subcontractors Insurance - to study the extension of insurance coverage to include  
92 subcontractors.

93 35. Task Force on Lien Recovery - to study the development of a task force to examine  
94 a lien recovery fund.

95 36. Tax on Alcoholic Beverages - to study whether to increase the sales tax on alcoholic  
96 beverages.

97 37. Utah Professional Boxing Regulation - to study the rewriting of Title 58, Chapter 66,  
98 Utah Professional Boxing Regulation Act, and to move the Utah Boxing Commission out of the  
99 Division of Occupational and Professional Licensing and grant it regulatory power and the means  
100 to promote the sport.

101 38. Alternative Schools - to study the additional needs and benefits of alternative schools  
102 to both public schools and students.

103 39. Best Practices in School Change - to study the variety of resources, programs,  
104 strategies, and innovative ideas that are currently used throughout the country to support and  
105 manage school change.

106 40. Career Ladder Money - to study the use of career ladder money.

107 41. Class Size Reduction - to study whether to require local school boards to limit or  
108 reduce the size of core subject classes in high school. (H.B. 238)

109 42. Classroom Communication Amplification - to study the amplification requirements  
110 for classes with hearing impaired students and the creation of a three-year pilot program.

111 43. Computer Assisted Learning - to study and identify electronic programs and computer  
112 assisted learning systems which will help learning disabled, remedial, and low achieving students  
113 with core subjects that could be implemented within all school districts.

114 44. Content of Course Standards - to study the creation of course standards for classwork  
115 in each grade and determine the level of performance considered proficient.

116 45. Cost of School-related Clothing - to study the high cost of clothing related to a  
117 specific school.

118 46. Early Childhood and School Success - to study the effect of early childhood  
119 environment on school success.

120 47. Engineering and Computer Science Students - to study solutions to the shortage of

121 engineering and computer science college students to fill existing and future jobs in Utah's  
122 information technology sectors.

123 48. English-As-Second-Language Endorsement Requirements - to study how school  
124 districts are complying with requirements that teachers working with  
125 English-as-a-second-language children have an endorsement from the state.

126 49. Extending Learning Time - to study whether to extend learning time through tutorial  
127 or summer school programs and extending school hours for students who have been unable to  
128 reach competency.

129 50. Full Day Kindergarten - to study whether to require full day kindergarten. (S.B. 99)

130 51. Higher Education Funding - to study the funding of higher education based on growth.

131 52. Higher Education Necessarily Existent Small Schools - to study how to apply the  
132 necessarily existent small schools concept to small higher education institutions.

133 53. Higher Education Start-up Costs - to study and review new start-up programs by  
134 colleges and universities.

135 54. Improving Teacher Quality - to study ways to improve teacher quality by examining  
136 performance-based licensing, teacher mentoring and professional development, peer assistance  
137 and review, and teacher training in technology.

138 55. Institutional Roles in Blanding and San Juan - to study whether Blanding and the San  
139 Juan Center should receive services and oversight by Utah State University, the College of Eastern  
140 Utah, or both.

141 56. Intercept Program Costs - to study the costs of the Intercept Program to help learning  
142 disabled students.

143 57. Interventions to Improve School Performance - to study interventions such as tutoring  
144 and technology to improve school performance.

145 58. Kindergarten Preassessment - to study issues related to current kindergarten  
146 preassessment, how it differs from what was done prior to the law requiring preassessment, and  
147 whether it should be changed.

148 59. Personnel Policies in Higher Education - to study the consolidation of personnel  
149 policies for classified employees in the higher education system.

150 60. Policies Regarding Returning Teachers - to study actions of the State Board of  
151 Education which may limit qualified teachers from reentering the job market when returning

152 from family related activities.

153           61. Quality Teaching - to study how to attract and retain the highest quality teachers in  
154 the classroom including recruitment, preservice training at universities, licensing, and professional  
155 development of existing teachers.

156           62. Saving Accounts for Teachers - to study the establishment of medical savings  
157 accounts for teachers.

158           63. School District and School Size - to study optimal school and district sizes and  
159 configurations.

160           64. School Reform - to study comprehensive school reform rather than piecing together  
161 a series of often isolated and disconnected efforts, including focus on professional development,  
162 curriculum, governance, and school management.

163           65. School Starting Time - to study whether school should start later in the day.

164           66. Sex Education - to study the education of children regarding the consequences of  
165 sexual activity, including who should provide the instruction, how it should be conducted, and  
166 where.

167           67. Shared Governance Model - to study legislation encouraging school districts to adopt  
168 a shared governance model or to encourage the adoption of models that school districts can use  
169 to encourage greater participation from patrons.

170           68. Student on School Board - to study legislation that allows school districts to have a  
171 student as a member of the school board.

172           69. Teaching Load - to study ways to balance teaching loads of core curriculum teachers  
173 with the instructional load typically carried by elective class instructors.

174           70. Textbook Costs - to study the high costs of textbooks in public and higher education.

175           71. Textbook Purchases - to study whether to give parents the opportunity or choice of  
176 purchasing their child's textbooks.

177           72. Boards and Commissions - to study and review commissions and boards including  
178 responsibilities and duties, fiscal impact, membership, and whether they should be continued.

179           73. Bonding Conflicts of Interest - to study the potential conflicts of interest if a state bond  
180 advisor is also employed by a bond company and can bid on state projects.

181           74. Challenged Ballots - to study whether to modify procedures for addressing challenged  
182 ballots. (H.B. 385)

183           75. Debt Collection Powers - to study the enhancement of the powers of the Office of  
184 State Debt Collection to collect debts and fees.

185           76. Money Management Act Revisions - to study the role of the Utah Money Management  
186 Council and the need for amendments to the Utah Money Management Act to facilitate the use of  
187 electronic investment activities and facilitate the implementation of a state-wide computer network  
188 program through the state treasurer's office.

189           77. Multiple Choices on Ballots - to study the use of multiple choices on ballots to  
190 determine an election by a majority.

191           78. Procurement Code and Health Care Benefits - to study procurement code requirements  
192 of health care benefits. (S.B. 7)

193           79. State 911 Service - to study creating a state 911 office/agency; whether to require local  
194 governments to share 911 revenues with the state to fund the office; and the current fee to  
195 determine whether or not it is adequate.

196           80. Voter Information Pamphlet - to study the transfer of responsibility for the Voter  
197 Information Pamphlet impartial analysis on initiatives or referenda from the Office of Legislative  
198 Research and General Counsel to the Office of the Lieutenant Governor or the Office of the  
199 Attorney General.

200           81. Breast Implant Surgery - to study whether to institute informed consent requirements  
201 prior to breast implant surgery. (H.B. 229 and 1st Sub H.B. 229)

202           82. Disease Testing - to study disease testing for emergency medical service providers and  
203 volunteers.

204           83. Division of Services for People with Disabilities - to study and review the services  
205 provided by the Division of Services for People with Disabilities, including contracts with service  
206 providers, utilization of additional funding provided to the division and its service providers for  
207 the previous five years; the number of clients served and types of services provided; costs of  
208 services provided; and costs of administration and service coordination.

209           84. Division Responsibilities - to study changes to laws governing the responsibility and  
210 authority of the Division of Services for People with Disabilities. (H.B. 297)

211           85. Ex Parte Contact with Physician - to study the Civil Process Ex Parte Contact with  
212 Physician. (S.B. 241)

213           86. Guardian Ad Litem - to study changes to laws governing Guardian Ad Litem. (S.B.

- 214 185)
- 215 87. Health Insurance - to study issues related to the health insurance industry.
- 216 88. Local Health Department Fees - to study the authority of local health departments to  
217 assess fees. (S.B. 217)
- 218 89. Medical Directives - to study issues related to advanced medical directives. (S.B. 54)
- 219 90. Oversight of Psychiatric Prescriptions - to study the prescribing of psychiatric drugs  
220 for medication of children. (H.B. 380)
- 221 91. Parental Consent for Medication - to study ways to ensure that a parent is granted  
222 informed consent when a child is prescribed psychiatric medications.
- 223 92. Portability of Mental Health Services - to study portability between home and  
224 community-based services and services in an intermediate care facility for the mentally disabled.
- 225 93. Pregnancy Termination - to study pregnancy termination procedures and medical  
226 criteria. (H.B. 237)
- 227 94. Relay System for Deaf and Hearing Impaired - to study the out-of-state relay system  
228 and whether it is better to have the service provided within Utah.
- 229 95. Rural Access to Health Care Providers - to study the expansion of health care  
230 providers who may provide services to members of health maintenance organizations. (H.B. 279)
- 231 96. Rural Health Care Providers - to study the impact of tourists, changing demographics,  
232 and changing boundaries on rural health care providers. (H.B. 96)
- 233 97. Safe Water - to study issues related to the Water Quality Act.
- 234 98. Sharp Devices in Health Care Facilities - to study the use of needles and other sharp  
235 devices that have integrated safety in health care facilities.
- 236 99. Technician Certification - to study issues related to drinking water technician  
237 certification. (S.B. 219)
- 238 100. Cohabitant Abuse - to study changes to the Cohabitant Abuse Procedures Act. (S.B.  
239 66)
- 240 101. Coparenting in Divorce - to study the development of coparenting plans for divorcing  
241 parents.
- 242 102. Definition of Law - to study and redefine what is "law."
- 243 103. Justice Court Accountability - to study issues related to the accountability of justice  
244 courts.

245           104. Lawsuits by the State - to study the amending of Section 78-12-2, which currently  
246 provides a statute of limitations within which the state must initiate an action involving real estate,  
247 and create an exception for lawsuits involving sovereign lands.

248           105. Murder as a Capital Offense - to study whether murder committed at any degree  
249 should be tried as a capital offense.

250           106. Peremptory Challenge of a Judge - to study a pilot program in the 2nd, 3rd, and 4th  
251 judicial districts to allow for the peremptory challenge of a judge in all cases.

252           107. Repeal of Law Due to Constitutional Change - to study whether Title 78, Chapter  
253 51 of the Utah Code, governing attorneys and counselors, should be partially or completely  
254 repealed in light of the rewrite of the Judicial Article of the Utah Constitution.

255           108. Small Claims Court Jurisdiction - to study whether to limit awards in small claims  
256 courts to liquidated damages. (H.B. 280)

257           109. Termination of Parental Rights - to study whether to permit a jury trial as part of the  
258 proceedings to terminate parental rights. (H.B. 295)

259           110. Volunteer Immunity - to study and evaluate the costs and benefits of volunteer  
260 immunity, the role of insurance regarding immunity, and ways to implement immunity.

261           111. Concealed Weapon Permit - to study the costs associated with the processing of  
262 concealed weapon permits.

263           112. Extension of Victim Study - to study the criminal restitution process and Model  
264 Restitution Program.

265           113. Fee for Warrant Service - to study the assessment of a fee for warrant service.

266           114. Financial Penalties for Convictions - to study whether to require those convicted of  
267 burglary and theft of personal and real property to pay deductibles, impound fees, insurance claims  
268 and other fees in addition to incarceration.

269           115. Illegal Drug Cleanup - to study standards for the cleanup of illegal drug  
270 manufacturing and storage sites.

271           116. Intimacy With a Person in Custody - to study whether to establish as a criminal  
272 offense the act of a person in authority engaging in intimate behavior with a person who is in  
273 custody. (S.B. 207)

274           117. Motor Vehicle Impound and Release - to study motor vehicle impound and release  
275 requirements including administrative impound fees and the impacts upon law

- 276 enforcement agencies, the State Tax Commission, and county assessors.
- 277 118. Protective Orders - to study issues related to protective orders. (S.B. 205 and S.B.  
278 66)
- 279 119. Reducing Crime in Polygamous Communities - to study ways to reduce crimes  
280 against women and children and reduce crimes of welfare fraud and tax fraud within polygamous  
281 communities.
- 282 120. Sex Offender Programs - to study and evaluate approaches and programs to  
283 effectively rehabilitate sex offenders and to prevent persons from becoming sex offenders.
- 284 121. Stalking - to study issues related to stalking. (H.B. 203)
- 285 122. State Emergency Response Commission Duties - to study the expansion of the  
286 commission's duties to include those who manufacture, transport, and use hazardous materials,  
287 and government agencies who must provide emergency response to hazardous materials.
- 288 123. Witness Protection Program - to study whether Utah should adopt a witness  
289 protection program.
- 290 124. Access to Roads for Development - to study how to gain obtain access to forest  
291 service and BLM roads to facilitate oil and gas development.
- 292 125. Agriculture and Open Space Recommendations - to study the Quality Growth  
293 Commission's recommendations that relate to agriculture and open space.
- 294 126. Glass Recycling - to study the viability of glass recycling in Utah including  
295 environmental and economic development issues.
- 296 127. Grey Wolf Policy - to study the Division of Wildlife Resources' policy on the impact  
297 to the state from the reintroduction of the grey wolf into Yellowstone Park.
- 298 128. Liability for Wildland Fires - to study whether to impose strict liability for causing  
299 wildland fires and require reimbursement for suppression costs.
- 300 129. Road Closure on Division of Wildlife Resource Land - to study whether to prohibit  
301 the closure of roads by the Division of Wildlife Resources on their land when certain procedures  
302 are met.
- 303 130. State-Sensitive Species - to study the process and procedures for designating  
304 state-sensitive species.
- 305 131. Water Rights - to study partial forfeiture of water rights.
- 306 132. Wildlife Fee Restructuring - to study the removal of wildlife fees and associated

- 307 language from the Wildlife Resources Code and set fees in the appropriations process.
- 308           133. Young Farmer Loans - to study the federal young farmer loan program.
- 309           134. 21st Century Library Needs Assessment - to study the condition of Utah's public
- 310 library facilities, library governance and funding structures, and public support for public libraries.
- 311           135. County Affordable Housing - to study issues related to optional county affordable
- 312 housing funds. (S.B. 256)
- 313           136. County or District Attorneys - to study whether to direct county or district attorneys
- 314 to initiate civil actions to recover the costs of suppressing fires on state lands.
- 315           137. County Recodification - to study the recodification of county statutes.
- 316           138. District Taxing Authority - to study the authority of water conservancy districts and
- 317 special districts to assess taxes without having an elected board.
- 318           139. Duties and Classifications of Cities and Counties - to study whether to change the
- 319 definitions, requirements, and duties of towns and first, second, and third class counties, and
- 320 whether a classification of fourth class counties should be established.
- 321           140. Eminent Domain and Relocation Assistance - to study the law of eminent domain
- 322 and relocation assistance to make the law more consistent and understandable, to codify recent
- 323 court opinions, and to address other issues of fairness and efficiency in the acquisition of private
- 324 property for public projects.
- 325           141. Fire District - to study the creation of special fire districts in counties with a political
- 326 subdivision with multiple jurisdictions.
- 327           142. Interlocal Agreement Report - to study and review an interim committee report on
- 328 whether an interlocal agreement is to be entered into between the White City Water Improvement
- 329 District and the Metropolitan Water District of Salt Lake City.
- 330           143. Jurisdiction of Cities and Towns - to study the jurisdiction of cities and towns as it
- 331 relates to the siting of school buildings.
- 332           144. Special District Board Elections - to study the election of special district board
- 333 members in districts that may impose a property tax.
- 334           145. Special District Uniformity - to study special district uniformity, dissolution,
- 335 withdrawal, and other issues related to special districts.
- 336           146. Toll Free Government Numbers - to study increased access to state government by
- 337 publishing state government toll free 800 numbers to rural Utah.

- 338           147. Electronic Mail Regulations - to study the prohibiting of certain electronic mail  
339 solicitation practices.
- 340           148. Public Utilities - to study the regulation of public utilities.
- 341           149. Public Utility Law - to study various changes to current public utility laws. (H.B.  
342 320)
- 343           150. Public Utility Lines - to study whether to amend the definition of underground  
344 facility to include a sewer lateral.
- 345           151. Public Utility Regulatory Structure Task Force - to study how to most effectively  
346 organize the task force. (1st Sub H.B. 320)
- 347           152. Telecommunications Competition and Taxation - to study redefining  
348 telecommunications competition in light of wireless phone service and cable tv phone service and  
349 review the taxation of telecommunication services.
- 350           153. Telecommunications Industry - to study the telecommunications industry and the  
351 level of competition.
- 352           154. Telecommunications Law Changes - to study changes to laws governing pricing  
353 flexibility for incumbent telephone corporations and the price index for tariffed public  
354 telecommunication service. (H.B. 338)
- 355           155. Telephone Solicitation - to study issues related to telephone solicitation.
- 356           156. Transmission Lines - to study the burial of transmission lines.
- 357           157. Use of Personal Information - to study privacy issues involving the use of personal  
358 information for commercial gain. (H.B. 70)
- 359           158. 25-year Retirement - to study issues related to a 25-year retirement. (H.B. 105)
- 360           159. DROP Plan - to study the creation of a DROP plan within the state retirement  
361 system.
- 362           160. Higher Education Retirement Options - to study whether to allow additional  
363 retirement options for employees of higher education.
- 364           161. Postretirement - to study postretirement restrictions.
- 365           162. Retirement Conversion Window - to study issues related to a retirement conversion  
366 window. (H.B. 418)
- 367           163. Age-Based Motor Vehicle Fee System - to study the implementation of an age-based  
368 fee system for motor vehicles, including the process to hold harmless the revenues of local taxing

369 entities.

370 164. Credit for Heat Pumps - to study whether to grant a tax credit for ground source heat  
371 pumps.

372 165. Exemption for Chair Lifts - to study to add chair lifts to the sales tax exemption list  
373 for construction and electrical usage.
