1                                   **UTAH TECHNOLOGY INFRASTRUCTURE**  
2                                   **INNOVATION PROGRAM AMENDMENTS**

3   2001 GENERAL SESSION  
4   STATE OF UTAH

5   **Sponsor: Brent H. Goodfellow**

6   **This act modifies the Information Technology Act by amending the Utah Technology**  
7   **Infrastructure Innovation Program. The act expands the program to allow grants for**  
8   **cross-agency technology innovation projects.**

9   This act affects sections of Utah Code Annotated 1953 as follows:

10   AMENDS:

11                   **63D-1-304**, as enacted by Chapter 35, Laws of Utah 2000

12   *Be it enacted by the Legislature of the state of Utah:*

13                   Section 1. Section **63D-1-304** is amended to read:

14                   **63D-1-304. Utah Technology Infrastructure Innovation Program.**

15                   (1) There is created within the office of the chief information officer a program known as  
16   the "Utah Technology Infrastructure Innovation Program."

17                   (2) The Legislature recognizes the need for innovation in streamlining government  
18   processes and decreasing costs of government through technology which will provide greater  
19   efficiencies and better responsiveness by government to the citizens of the state.

20                   (3) The program shall be funded from legislative appropriations made to the program.

21                   (4) Money in the program shall be nonlapsing except that any monies in excess of  
22   \$5,000,000 unexpended at the close of each fiscal year shall lapse into the General Fund.

23                   (5) Notwithstanding the provisions of Section 63-38-3, the chief information officer:

24                   (a) may provide grants to individual agencies for single-agency or cross-agency technology  
25   innovation projects as prescribed by Subsection (6); and

26                   (b) shall favor granting monies to agency technology innovation projects that can show  
27   clear cost savings to the state.

28           (6) In order to receive funds for proposed technology innovation projects, the agency shall  
29 provide information to the chief information officer clearly identifying the return on investment  
30 and cost savings to the program or agency from implementation of the project.
